# FINANCIAL SECTION

Our discussion and analysis of the City of Muscle Shoals, Alabama's (the City's) financial performance provides an overview of the City's financial activities for the fiscal year ended September 30, 2017. Please read it in conjunction with the City's financial statements, which begin on page 11.

#### FINANCIAL HIGHLIGHTS

- The City's financial position increased by \$2.11 million, or 5.0 percent.
- During the year, the City had taxes and other revenues for governmental programs that were \$.46 million less than the \$22.51 million in expenses.
- General fund revenues were more than budget amounts by \$ 208,771 and expenditures of funds were \$ 568,653 more than budgeted expenditures.

#### **USING THIS ANNUAL REPORT**

This annual report consists of a series of financial statements. The Statement of Financial Position and the Statement of Activities (on pages 17-19) provide information about the activities of the City as a whole and present a longer-term view of the City's finances. Fund financial statements start on page 20. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the City's operations in more detail than the government-wide statements by providing information about the City's most significant funds.

#### Reporting the City as a Whole

Our analysis of the City as a whole begins on page 2. The Statement of Financial Position and the Statement of Activities report information about the City as a whole and about its activities. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the City's net assets and changes in them. You can think of the City's net position as the difference between assets and liabilities and the change in net assets as one way to measure the City's financial health, or financial position. Over time, increases or decreases in the City's net assets are one indicator of whether its financial health is improving or deteriorating. Other factors should also be considered when assessing the overall health of the City. These include changes in the City's property tax base and the condition of the City's roads.

In the Statement of Net Assets and the Statement of Activities, we divide the City into two kinds of activities:

- Governmental activities Most of the City's basic services are reported here, including the police, fire, public works, and parks departments, and general administration. Sales and property taxes, franchise fees, and state and federal grants finance most of these activities.
- Component units The City includes three separate legal entities in its report: the City of Muscle Shoals Board of Education, the City of Muscle Shoals Utility Board, and the Electric Board of the City Of Muscle Shoals. Although legally separate, these component units are important because the City is financially accountable for them.

#### Reporting the City's Most Significant Funds

Our analysis of the City's major funds begins on page 4. The fund financial statements begin on page 20 and provide detailed information about the most significant funds - not the City as a whole. Some funds are required to be established by State law and by bond covenants. However, the City Council establishes many other funds to help it control and manage money for particular purposes (e.g. - the half-cent sales tax for capital projects) or to show that it is meeting legal responsibilities for using certain taxes, grants, and other money.

Most of the City's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. We describe the relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds in reconciliation on page 16.

The City's net position increased by \$2.11 million, from \$42.19 million to \$44.30 million. Table 1 below summarizes net assets at September 30, 2017 and September 30, 2016, respectively.

#### Table 1

| Total Primary Government Activities      |                     |        |    |        |

| Other taxes and payments in lieu of taxes     | 3,237         | 3,140         |  |
| Miscellaneous                                 | 597           | 830           |  |
| Investment Earnings                           | 32            | 30            |  |
| Total revenues                                | 22,051        | 21,730        |  |
| Program expenses                              |               |               |  |
| General government                            | 3,993         | 3,740         |  |
| Public safety                                 | 6,628         | 6,240         |  |
| Public works                                  | 4,464         | 4,270         |  |
| Health, welfare and sanitation                | 1,643         | 1,550         |  |
| Education                                     | 3,052         | 1,500         |  |
| Culture and recreation                        | 1,505         | 3,630         |  |
| Miscellaneous                                 | 564           | 740           |  |
| Interest on long-term debt                    | 663           | 590           |  |
| Total expenses                                | 22,512        | 22,260        |  |
| Decrease in net position from operations      | \$ (461)      | \$ (530)      |  |

#### **Governmental Activities**

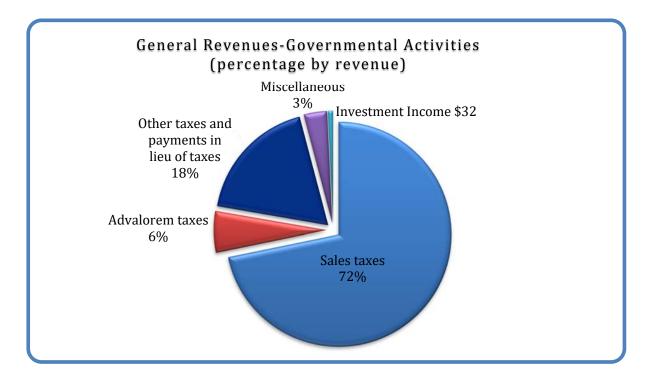

The cost of all government activities this year was \$22.51 million. However, as shown on the Statement of Activities on page 19, the cost ultimately financed by our taxpayers for these activities was \$18.17 million. Program revenues in the form of user fees, charges for services and grants by other governments subsidized certain programs. These revenues amounted to \$4.34 million, thus reducing the burden to taxpayers.

#### **Governmental Activities (continued)**

Sales tax revenue represents the majority of general revenues received as depicted in the following chart:

Sales tax revenue has increased by \$ 1,842 thousand (17%) since fiscal 2013, while all other tax revenue has increased by \$ 130 thousand (3%) over the same timeframe.

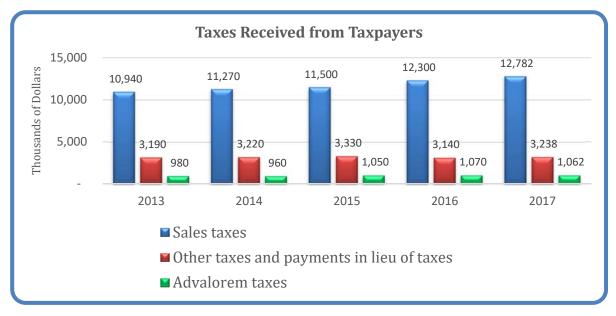

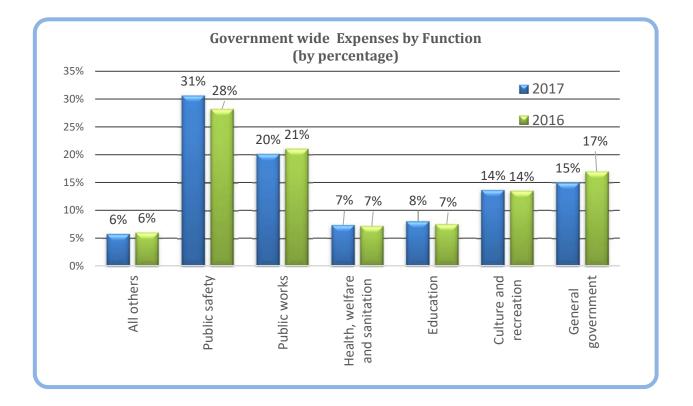

Table 3 presents the cost of each of the City's programs for the fiscal years ended September 30, 2017 and September 30, 2016 respectively.

## Table 3

| Total Primary Government Activities   |           |           |
|---------------------------------------|-----------|-----------|
| Total Cost of Services (in thousands) | Septen    | nber 30,  |
|                                       | 2017 2016 |           |
| General government                    | \$ 3,993  | \$ 3,775  |
| Public safety                         | 6,628     | 6,194     |
| Public works                          | 4,464     | 4,622     |
| Health, welfare and sanitation        | 1,643     | 1,573     |
| Education                             | 1,505     | 1,423     |
| Culture and recreation                | 3,052     | 2,968     |
| All others                            | 1,227     | 1,403     |
| Totals                                | \$ 22,512 | \$ 21,958 |

### THE CITY'S FUNDS

The City's governmental funds (as presented in the balance sheet on page 20) reported a combined fund balance of \$10.43 million, which increased from last year's total of \$10.38 million. The general fund balance increased by \$.76 million from \$7.92 million to \$8.65 million.

## **General Fund Budgetary Highlights**

The 2016-2017 budget was approved on December 19, 2016. It was amended on May 15, 2017 and September 5, 2017 as is customary, to account for mid-year adjustments to the various department line items.

City officials continue to monitor the costs of employee health care. Health care costs of \$1.96 million represented 9.5 % of general fund expenditures and were slightly less than the prior fiscal year.

#### CAPITAL ASSET AND DEBT ADMINISTRATION

#### **Capital Assets**

The City has worked extensively to develop and adequately maintain capital assets. City streets are routinely inspected for potholes, shoulder deterioration and other maintenance concerns. Prompt response to citizen complaints and an aggressive inspection program have led to better control of maintenance costs. On a regularly scheduled basis, the City resurfaces streets utilizing local and state shared gasoline tax revenues. Resurfacing costs are not capitalized.

At the end of fiscal year 2017, the City had \$44.25 million invested in a broad range of capital assets, including buildings, park facilities, roads, storm water detention and pumping facilities and police and fire equipment. (See Table 4):

#### **CAPITAL ASSET AND DEBT ADMINISTRATION (continued)**

| Construction in progress       |                     | 825      |    | 1,306    |
| Depreciable                    |                     |          |    |          |
| Buildings                      |                     | 17,226   |    | 15,980   |
| Infrastructure                 |                     | 23,909   |    | 23,909   |
| Improvements                   |                     | 12,859   |    | 10,366   |
| Equipment                      | 13,984 13           |          |    | 13,456   |
| Totals                         |                     | 76,309   |    | 72,503   |
| Less: Accumulated depreciation |                     | (32,059) |    | (30,146) |
| Capital assets-net             | \$                  | 44,250   | \$ | 42,357   |

Significant investments of grant and state and city funds have been or are planned to be invested in infrastructure in the following areas:

- A. There were several transportation related projects:
- 1. The ALDOT project to widen Highway 133 from the Singing River Bridge approach to Highway 20 has acquired all rights of way. Construction is currently underway and is expected to be completed in 2018.
- 2. The MPO paving project will include paving of portions of Alabama Avenue, Sheffield Avenue, Covenant Drive, and Pepi Drive. The project is funded through an \$800,000 allocation from the Shoals Area MPO. Design is complete and construction should begin in the summer of 2018.
- 3. 6<sup>th</sup> Street intersection improvements will improve the existing intersection between 6<sup>th</sup> Street and Wilson Dam Road. The project is funded by a \$280,000 grant from the Alabama Industrial Access Board. Design is complete, and construction should begin in the summer of 2018.
- 4. Constellium Element 13 access improvements will upgrade and improve the existing entrance to Constellium's Element 13 project. The project is funded by a \$207,000 grant from the Alabama Industrial Access Board. Construction began in October 2017 and will be completed in early 2018.

#### **CAPITAL ASSET AND DEBT ADMINISTRATION (continued)**

Other projects that have been completed or are underway include:

- 1. The construction of a new gymnasium in Gattman Park was nearing completed at year's end. The gym is the third facility of its type, constructed at a cost of \$1.1 million.
- 2. The city received a \$300,000 grant for sidewalk construction on 6<sup>th</sup> Street from Sheffield Avenue to the entrance of the Cypress Lakes Golf & Tennis Facility. Construction is underway and will be completed in early 2018.
- 3. The city received a \$308,000 grant for sidewalk construction along 6<sup>th</sup> Street during 2017. Design is complete, and construction should commence during 2018.

#### Debt

At year-end, the City had \$19.11 million in general obligation warrants outstanding versus \$20.26 million last year, a decrease of \$1.15 million. Detail is provided in the notes to financial statements.

The City of Muscle Shoals has a "AA3" rating from Moody's for general obligation debt. The Constitution of Alabama provides that cities having a population of six thousand or more may not become indebted in an amount in excess of twenty percent (20%) of the assessed value of the property situated therein. The total net assessed value of the property in the City as assessed for City taxation for the tax year which ended September 30, 2017 (including motor vehicles), is \$212 million. Therefore, the City's general obligation debt is \$19.11 million, well below of its current debt limit of \$42.4 million (20% of \$212 million).

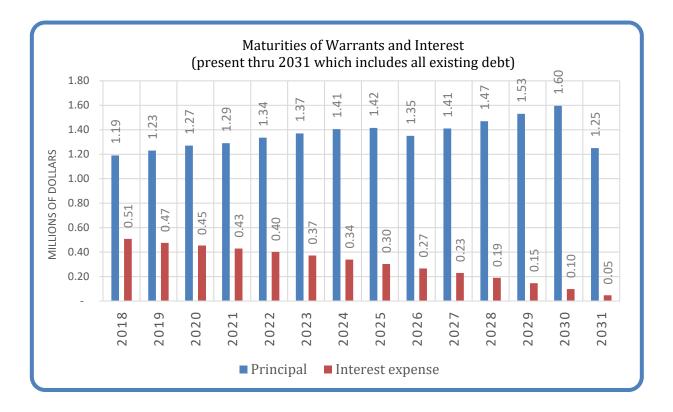

| Tax Year | Assessed Value |
|----------|----------------|
| 2010     | \$ 171,414,658 |
| 2011     | \$ 171,190,289 |
| 2012     | \$ 177,496,460 |
| 2013     | \$ 179,407,660 |
| 2014     | \$ 193,265,420 |
| 2015     | \$ 188,432,920 |
| 2016     | \$ 203,902,180 |
| 2017     | \$ 212,104,880 |

City of Muscle Shoals, Alabama Management Discussion and Analysis September 30, 2017

## Debt (continued)

All debt currently outstanding will mature by fiscal 2031.

#### ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

- Pharmacy giant Walgreens added 150 new jobs at its high-tech customer contact center in Muscle Shoals, pushing the total workforce at the Northwest Alabama facility to around 600. The Walgreens facility in Muscle Shoals opened in October 2004 as one of the company's most technologically advanced contact centers. At its opening, the center employed 30 people; today, the number is around 450.
- Tarkett is making another major investment in the Shoals, putting \$60 million into its Florence facilities in a move that will add some 50 employees. The two local plants have a combined 400 employees which should increase to 450 by the time the expansion is completed. The investment will increase production capacity and occur over a three-year period. Tarkett manufactures flooring and sports-surface solutions. This expansion is aimed at meeting the increasing demand for the company's luxury vinyl modular flooring. Tarkett's history covers some 130 years. Today the company has customers in more than 100 countries and its products include vinyl, linoleum, carpet, rubber, wood and laminate, synthetic turf and athletic tracks.
- Gemstone Foods, L.L.C. purchased the former Hillshire facility near the Port of Florence and opened a poultry processing production facility. The Florence operation will provide processing and other value-added services, such as marinating and seasoning for food service customers. The company has committed to improving and modernizing the aging facility through various renovations, new equipment purchases, and other capital improvements. Gemstone will invest over \$11 million and has committed to hiring 296 employees. President and CEO, Heath Lloyd, told the SEDA Board that he believed the facility would grow to more than the 296 employees committed and possibly could be the future home of the company's corporate headquarters.
- Life Data Labs, Inc., a premium animal nutrition and health products manufacturer, has completed work on one of the state's largest private solar installations, powering their entire manufacturing facility mainly with solar energy. They celebrated a "Generation Day" Thursday, March 23<sup>rd</sup>, 2017, where company executives, company employees and state employees as well as other dignitaries witnessed a "flipping of the switch" from electric power generating their first kilowatt of solar power. This solar facility generates 282 kilowatt (kW), which allows Life Data to potentially operate completely off of solar energy.
- A ribbon cutting ceremony was held on November 17<sup>th</sup>, 2017 to celebrate United Treating and Distribution, LLC's (UTD) recent expansion at their facility in Muscle Shoals. UTD has purchased the building and property adjacent to their current location which will add 54,000 covered square feet and 5.5 acres to UTD's property. Renovations of UTD's office area were recently completed and renovation plans for the new property will begin soon.

#### **ECONOMIC FACTORS AND NEXT YEAR'S BUDGET (continued)**

This expansion will provide UTD the capacity to carry more inventory and new product lines, including composite decking. Today, UTD has more than 50 employees with more than 350 customers in 19 states. UTD provides treated and untreated lumber to retail lumber yards, portable barn builders, decking pros, fencing pros, utility trailer manufacturers, specialized industrial suppliers and contracting groups.

Numerous other manufacturers, such as Alabama Chanin, Alabama Interconnect, Ark Innovations, CHG Building Products, FilterPro, Geomarc (Senators Coaches), Harcros Chemicals, Mantel Craft, PartCycle Technologies, Performance Healthcare, and Southern Plastics & Inventory Control added new employment opportunities to their operations

Unemployment in Colbert County stood at 4.3% in October 2017, a decrease of 2.2% since 2016. The local rate of 4.3% is higher than the national rate of 4.1% and the state of Alabama rate of 3.8%.

The Mayor and City Council approved a conservative 2017-2018 General Fund budget. Total anticipated revenues and other financing resources are projected at \$21.21 million, an increase from the 2016-2017 budgeted revenues and other financing resources of \$20.81 million. Budgeted expenditures and other uses of funds are expected to increase to \$21.21 million from \$20.64 million in the prior year. One additional patrol officer has been added due to the award of a Community Oriented Policing Services (COPS) grant. No new programs have been added to the 2017-2018 budget.

#### CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have questions about this report or need additional financial information such as separately issued financial statements for component units, contact the City Clerk/Treasurer's office at the City of Muscle Shoals, P.O. Box 2624, Muscle Shoals, AL 35662. Telephone (256) 383-5675 or e-mail at <u>mshoals@hiwaay.net</u>.

#### INDEPENDENT AUDITOR'S REPORT

To the City Council City of Muscle Shoals, Alabama

We have audited the accompanying financial statements of the governmental activities, the businesstype activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of City of Muscle Shoals, Alabama, as of and for the year ended September 30, 2017, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of Muscle Shoals City Board of Education, Muscle Shoals Electric Board and Muscle Shoals Utilities Board, which collectively represent 65 percent, 51 percent and 75 percent, respectively, of the assets, net position, and revenues of the City of Muscle Shoals, Alabama. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for City of Muscle Shoals, Alabama, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Governmental Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall financial statement presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of City of Muscle Shoals, Alabama, as of September 30, 2017, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Other Matters**

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 1 through 13 and the schedule of changes in net pension liability and related ratios and schedule of employer contributions of the pension plan on pages 63 and 67, and the schedule of funding progress and schedule of employer contributions of the other postemployment benefit plan on pages 68-77 be presented to supplement the basic financial statements.. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Muscle Shoals, Alabama's basic financial statements. The supplemental schedules of revenues and expenses by budget line item on pages 79-98 and the combining and individual fund financial statements and schedules on pages 100 to 130, and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual non-major fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit, the procedures performed as described above, and the report of the other auditors, the combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

#### **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated March 28, 2018, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

City of Muscle Shoals, Alabama Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of the Governmental Funds to the Statement of Activities September 30, 2017

| Net change in fund balances - total governmental funds:  | \$   | 53,518    |
|--|------|-----------|
| Amounts reported for Governmental Activities in the Statement of Activities are different because:   |      |           |
| Governmental funds report outlays for capital assets as expenditures because<br>such outlays use current financial resources. In contrast, the Statement of<br>Activities reports only a portion of the outlay as expense. The outlay is<br>allocated over the assets' estimated useful lives as depreciation expense for<br>the period.   |      |           |
| This is the amount by which net capital outlays \$3,999,407 were exceeded by depreciation \$2,104,612 in the current period.   | 1    | ,894,795  |
| Governmental funds report bond proceeds as current financial resources. In<br>contrast, the Statement of Activities treats such issuance of debt as a liability.<br>Governmental funds report repayment of bond principal as an expenditure,<br>In contrast, the Statement of Activities treats such repayments as a reduction<br>in long-term liabilities. This is the amount by which proceeds were exceeded<br>by repayments. | 1    | ,150,000  |
| Pension and other postemployment benefit obligation amounts not reported in the funds:   |      |           |
| Increase in Net pension obligation   |      | (503,616) |
| Increase in OPEB Liability   |      | (426,859) |
| Increase in Deferred inflows related to pensions   |      | (451,471) |
| Increase in Deferred outflows related to pensions  |      | 640,537   |
| Accrued interest payable is not due and payable in the current period and therefore is not reported as a liability in the balance sheets of the governmental funds.  |      | 6,833     |
| governmental funds.  |      | 0,033     |
| Changes in the equity value of an investment are not receivable or payable in<br>the current period and therefore is not reported as an asset or liability in the<br>balance sheets of the governmental funds  |      | (294,901) |
| Some expenses reported in the statement of activities do not require the use of current financial resources and these are not reported as expenditures in governmental funds:  |      |           |
| Decrease in compensated absences   |      | 36,764    |
| Change in net position of governmental activities  | \$ 2 | ,105,600  |

The accompanying notes are an integral part of these financial statements

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting and reporting framework and the more significant accounting principles and practices of the City of Muscle Shoals, AL are discussed in subsequent sections of this note. The remaining notes are organized to provide explanations and include required disclosures of the City's financial activities for the fiscal year ended September 30, 2017.

#### A. Reporting Entity

The City of Muscle Shoals, Alabama, (the "City"), was incorporated in 1923, under the Constitution and laws of the State of Alabama. The City operates under the mayor-city council form of government. As required by generally accepted financial principles, these financial statements present financial position and results of operations of the City and its component units (see below).

The City's financial reporting entity consists of the following:

Primary government: The City of Muscle Shoals, Alabama

*Discretely presented component units* are as follows:

| <u>Component unit</u>                           | Activities and Relationship to City  |
|---|--|
| Utilities Board of the City of<br>Muscle Shoals | Owns, operates and maintains a water and sewer<br>system serving residents of the City. The City<br>Council appoints all members of the Utility Board.   |
| Electric Board of the City of<br>Muscle Shoals  | Provides electricity to the residents of Muscle<br>Shoals and acts as collection agent for the City's<br>garbage pick-up operation. The City Council<br>appoints all members of the Electric Board.  |
| Muscle Shoals City Board of<br>Education        | Operates the City's Public school system. The City<br>Council appoints the five members of the Board.<br>The City issued bonds for the construction of<br>school facilities and is obligated for the debt. The<br>City makes annual appropriations to the Board of<br>Education. |

#### A. Reporting Entity (continued)

The decision to include a potential component unit in the City's reporting entity is based on the criteria stated in GASB Statement No. 14, "The Financial Reporting Entity," as amended by GASB 39, "Determining Whether Certain Organizations are Component Units" and GASB 61, "The Financial Reporting Entity: Omnibus an Amendment of GASB Statements No. 14 and No. 34," which includes the ability to appoint a voting majority of an organization's governing body and (1) the ability of the City to impose its will on that organization or (2) the potential for the organization to provide specific financial benefits to, or impose specific financial burden on the City, or the nature and significance of the relationship between the City and the organization is such that exclusion would cause the City's financial statements to be incomplete.

Component units of the City issue separately audited financial statements. Copies of these reports are available from the respective organizations; therefore, the component unit financial statement notes are not repeated here.

#### B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The basic financial statements include both government-wide financial statements (based on the City as a whole) and fund financial statements. Separate financial statements are provided for governmental funds, propriety funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

## 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued) B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (continued)

The Government-wide Statement of Net Position reports all financial and capital resources of the City, excluding those reported in the fiduciary funds. It is displayed in the format of assets and deferred outflows less liabilities and deferred inflows, equals net position, with the assets and liabilities shown in order of their relative liquidity. Net position is required to be displayed in three components (each of which is defined below):

- *Net investment in capital assets* (The net investment in capital assets component of net position consists of capital assets, net of accumulated depreciation, reduced by outstanding balances of bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets and adjusted for the balance of any deferred outflows of resources or deferred inflows of resources related to capital assets or debt).
- *Restricted* (The restricted component of net position consists of restricted assets reduced by liabilities related to those assets. Restricted assets are those with constraints placed on their use that are either: (1) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or (2) imposed by law through constitutional provisions or enabling legislation).
- *Unrestricted* (The unrestricted component of net position is the net amount of the assets and liabilities that are not included in the determination of net investment in capital assets or the restricted component of net position).

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

#### C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

The government-wide financial statements are reported using the economic resources measurement focus and the full accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The measurement-focus of the governmental funds (in the Fund Financial Statements) is upon determination of financial position and changes in financial position rather than upon net income.

These governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considered property taxes as available if they are collected within 60 days after year-end. A six-month availability period is used for revenue recognition for all other governmental fund revenues. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred, regardless of the timing of the related cash flows. For example, property tax revenue is recognized in the year of levy, and all other revenue is recognized when services have been rendered.

Major funds are funds whose revenues, expenditures/expenses, assets, or liabilities (excluding extraordinary items) are at least 10% of corresponding totals for all governmental or enterprise funds and at least 5% of the aggregate amount for all governmental and enterprise funds. The identification and separate reporting of major funds serves to highlight financial activities which may be particularly important to financial statement users. Nonmajor funds are reported in aggregate in a separate column in the Balance Sheet and the Statement of Revenues, Expenditures, and Changes in Fund Balances.

The City reports the following major governmental funds:

- *General Fund* This is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.
- *Half-cent Sales Tax* A fund established by City ordinance to account for funds received and expended for capital projects as approved by the council.

#### C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION (continued)

Grant revenues are recognized in the fiscal year in which all eligibility requirements are met. Under the terms of grant agreements, the City may fund certain programs with a combination of cost-reimbursement grants and general revenues. Thus, both restricted and unrestricted net position may be available to finance program expenses. It is the City's policy to first apply restricted resources to such programs, followed by unrestricted resources if necessary.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources, as they are needed.

## D. ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES AND NET POSITION/FUND BALANCE

1) Deposits and investments

The City has defined cash and cash equivalents to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. State statutes and local ordinances authorize the government and the component units to invest in various types of investments as discussed in a subsequent note.

The City does not have a significant amount of investments valued at other than quoted market prices. Except in the pension trust funds, amortization of premium and accretion of discount on investments purchased are not recorded over the term of the investment. The effect of this policy on the financial statements of the various funds is not significant.

2) Receivables and payables

All trade receivables are shown net of an allowance for uncollectible accounts. Unbilled service receivables represent the estimated amount of accounts receivable for services that have not yet been billed. The amount represents a timing difference between the end of the financial statement cycle (month end) and the billing cycle (varying dates each billing period).

# D. ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES AND NET POSITION/FUND BALANCE (continued)

#### 3) Due to/Due from

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of inter-fund loans) or "advances to/from other funds" (i.e., the non-current portion of inter-fund loans.) All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

#### 4) Inventories and prepaid items

Inventories are valued at cost (using average cost) in governmental type funds and the lower of cost (weighted average) or market in business-type funds. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. Prepaid items are recorded as expenditures when consumed rather than when purchased.

#### 5) Deferred outflows and inflows of resources

In addition to assets, the statement of net position or balance sheet reports a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position or fund balance that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of net position or balance sheet reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position or fund balance that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

# D. ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES AND NET POSITION/FUND BALANCE (continued)

#### 6) Capital assets

Capital assets, which include land, roads and parking lots, buildings and structures, improvements other than buildings, machinery and equipment, infrastructure assets, and construction in progress, are reported in the applicable governmental or business-type activities columns in the governmentwide financial statements. The City capitalizes equipment and improvements having an estimated useful life in excess of one year and acquisition cost of at least \$ 5,000.

All capital assets are recorded at historical cost, or estimated historical cost, if actual cost is unavailable, except for donated assets which are recorded at their estimated fair value at the date of donation. The costs of normal maintenance and repair that do not add to the value of the asset or materially extend the useful lives are not capitalized. Capital assets are depreciated using the straight-line method. When capital assets are disposed, the cost and applicable accumulated depreciation are removed from the respective accounts, and the resulting gain or loss is recorded in operations.

Donated capital assets are recorded at estimated fair market value at the date of donation.

Capital assets are depreciated using the straight-line method over the following estimated lives:

|                                       | Years |
|---------------------------------------|-------|
| Buidings, structures and improvements | 20-50 |
| Furniture, fixtures and equipment     | 3-20  |
| Roads and streets                     | 50    |
| Storm sewers and drainage ditches     | 30    |

#### 7) *Compensated absences*

It is the City's policy to permit employees to accumulate earned but unused vacation and sick leave and related fringe benefits. The cost of earned but unused vacation pay is accrued when earned in the government-wide statements. A liability for earned but unused sick leave is accrued only to the extent that the leave will result in cash payments at termination. A liability for these amounts is reported in governmental funds only if they have matured, due to employee retirement. Compensated absences cannot be segregate between current and long-term. Therefore, the entire amount is shown as long-term.

# D. ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES AND NET POSITION/FUND BALANCE (continued)

8) Long-term debt and deferred debt expense

In the government-wide financial statements, outstanding long-term debt is reported as a liability. Bond discounts or premiums are capitalized and amortized over the terms of the respective bonds using the straight-line method.

The governmental fund financial statements recognize debt proceeds and premiums as other financing sources of the current period. Issuance costs are reported as debt service expenditures.

9) Equity classifications

*Government-wide statements* - Equity is classified as net assets and displayed in three components:

- a. *Invested in capital assets, net of related debt* Consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by outstanding balances of bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. *Restricted net position* Consists of net assets with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. *Unrestricted net position* All other net assets that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."
- 10) *Fund statements* Governmental fund equity is classified as fund balance. Fund balance is further classified as reserved or unreserved, with unreserved further split between designated and undesignated.
  - a. Non-spendable Fund Balance Fund balances reported as non-spendable in the accompanying financial statements represent amounts for permanent fund principal restrictions, inventory, prepaid expenditures, advances to other funds and noncurrent notes receivables.
  - b. Restricted Fund Balance Fund balances reported as restricted are the result of externally imposed restrictions placed upon current resources by state statutes, creditors, bond covenants, donors or grantors.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

# D. ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES AND NET POSITION/FUND BALANCE (continued)

- c. Committed Fund Balance Fund balances reported as committed are self-imposed restrictions placed upon certain resources by the City Council through the adoption of an ordinance and cannot be used for any other purpose unless formal action is approved by the City Council.
- d. Assigned Fund Balance Fund balances reported as assigned are intended for certain purposes as approved by City Council, or management. City Council has a fund balance policy that allows assigned amounts to be re-assigned by City Council, or management.
- e. Unassigned Fund Balance In accordance with GAAP, the general fund is the only governmental fund that reports an unassigned fund balance. The unassigned fund balance has not been restricted, committed, or assigned to a specific purpose within the general fund.

When committed, assigned or unassigned fund balance amounts are available for use, it is the City's policy to use the committed fund balance first; the assigned fund balance second; and then the unassigned fund balance, as they are needed.

f. Stabilization Arrangement - The City has a fund balance policy established by the City Council that requires the general fund to maintain a minimum unrestricted fund balance of 25% of ensuing year's appropriated general fund expenditures. The fund has been established for the purposes of setting aside amounts for use in specific and non-routine situations, which include certain emergency and urgent situations, giving the Mayor power to resolve any issues at hand. Utilization of these funds must be reported to the City Council at the next Council meeting. In the event that the balance drops below the established minimum level, the City Council will develop a plan to replenish the Financial Stabilization Account balance to the established minimum. For the current fiscal year ending September 30, 2017, the City met the minimum general fund balance policy.

# D. ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES AND NET POSITION/FUND BALANCE (continued)

#### 11) Revenues

#### Sales Tax

The City levies tax on taxable sales within the City. Sales tax applicable to the month of September, but not received until after year-end are recorded as a receivable on both the government-wide and the fund financial statements.

#### Property taxes

Property taxes are levied and are due and payable on October 1 of each year, and may be paid without penalty through December 31. All unpaid taxes on real and personal property become delinquent on January 2 of the year following the year in which the taxes were levied. Penalties, interest and late fees are assessed on all payments made after December 31. On the first Monday in April of each year a tax auction for real property is held at which a certificate is sold at auction for properties on which the taxes are delinquent.

#### 12) Use of estimates and reclassifications

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

#### 13) Postemployment benefits

Postemployment healthcare benefits other than pension benefits are accounted for under GASB Statement No. 45, Accounting and Financial Reporting by Employers for Postemployment Benefits Other than Pensions, which establishes standards for the measurement, recognition, and display of postemployment healthcare benefits expense and related liabilities, assets, and note disclosures, as further described in Note 13 and, if applicable, required supplementary information.

#### E. ACCOUNTING PRONOUNCEMENTS

The City adopted GASB Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans, required for fiscal periods beginning after June 15, 2016, in fiscal 2017. This Statement improves the usefulness of information about postemployment benefits other than pensions (other postemployment benefits or OPEB) included in the general purpose external financial reports of state and local governmental OPEB plans for making decisions and assessing accountability.

The City plans to adopt GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, required for fiscal periods beginning after June 15, 2017, in fiscal 2018. This Statement improves accounting and financial reporting by state and local governments for postemployment benefits other than pensions (other postemployment benefits or OPEB).

The City adopted GASB Statement No. 77, Tax Abatement Disclosures, required for fiscal periods beginning after December 15, 2015, in fiscal 2017. This Statement improves financial reporting by giving users of financial statements essential information regarding tax abatements that is not currently reported consistently or comprehensively. See Note 22.

The City adopted GASB Statement No. 78, Pensions Provided through Certain Multiple-Employer Defined Benefit Pension Plans, required for fiscal periods beginning after December 15, 2015, in fiscal 2017. This Statement amends the scope and applicability of Statement No. 68 regarding pensions provided to employees of state and local government employers through certain cost-sharing multiple-employees of state and local government employers through certain cost-sharing multiple-employer defined benefit pension plans.

The City adopted GASB Statement No. 79, Certain External Investment Pools and Pool Participants, required for fiscal periods beginning after June 15, 2015, except for certain provisions effective for fiscal periods beginning after December 15, 2015, in fiscal 2016 and 2017. This Statement addresses accounting and financial reporting for certain external investment pools and pool participants.

The City adopted GASB Statement No. 80, Blending Requirements for Certain Component Units an amendment of GASB Statement No. 14, required for fiscal periods beginning after June 15, 2016, in fiscal 2017. This Statement improves financial reporting by clarifying the financial statement presentation requirements for certain component units.

#### 2. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

Certain differences exist between the governmental fund financial statements and the government-wide financial statements. These differences relate to differences between the modified accrual basis of accounting used in the fund financial statements and the accrual basis of accounting used in the government-wide financial statements and to the consolidation of the internal service funds into the governmental activities in the government-wide financial statements.

Reconciliations between the governmental fund balance sheet and the government-wide statement of net position and between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities are shown on pages 21 and 24, respectively.

#### 3. BUDGETS AND BUDGETARY ACCOUNTING

#### Budget Development and Adoption

The City follows these procedures in establishing the general fund fund-level budgetary data reflected in the financial statements:

- a. The Mayor submits to the City Council for approval, a proposed operating budget for the fiscal year beginning October 1. The operating budget is only for the General Fund and includes proposed expenditures and the means of financing them.
- b. Any revisions to the budget must be approved by the City Council. The budget is normally modified one or more times during the course of the fiscal year.
- c. All unencumbered appropriations lapse at the end of the fiscal year. Encumbered appropriations remain in effect and are incorporated into the next fiscal year budget.

#### 4. CASH AND INVESTMENTS

Deposits are fully insured up to \$250,000 by the Federal Deposit Insurance Corporation. Deposits exceeding \$250,000 are made to banks participating in the Security for Alabama Funds Enhancement Program (SAFE Program). In the State of Alabama, all public funds are protected through a collateral pool administered by the Alabama State Treasurer. Banks holding deposits belonging to the state, counties, cities or agencies of any of these entities must pledge securities as collateral against those deposits. In the event of the failure of a bank, securities pledged by that bank would be liquidated by the State Treasurer to replace the public deposits. If the securities pledged failed to produce adequate funds for that purpose, then every bank participating in the pool would share the liability for the remaining balance.

#### Custodial and Concentration of Credit Risk

Each of the banks containing more than \$250,000 of the City of Muscle Shoals' deposits has been designated by the State Treasurer as a qualified public depository.

#### 5. RECEIVABLES

The City's general fund receivables from other governments consisted of the following at September 30, 2017:

| Due from State of Alabama (Sales Tax) | \$ 1,091,152 |
|---------------------------------------|--------------|
| Other                                 | 150,764      |
| Total                                 | \$ 1,241,916 |

# 6. CAPITAL ASSETS

| Governmental | Activities: |
|--------------|-------------|

| Land Improvements          | 10,365,997            | 2,492,861    | -            | 12,858,858         |
| Equipment                  | 13,456,229            | 717,137      | 189,563      | 13,983,803         |
| Total Capital assets being |                       |              |              |                    |
| depreciated                | 63,710,564            | 4,504,613    | 238,018      | 67,977,159         |
| Accumulated Depreciation   | (30,146,238)          | (2,104,612)  | (191,687)    | (32,059,163)       |
| Total capital assets being |                       |              |              |                    |
| depreciated, net           | 33,564,326            | 2,400,001    | 46,332       | 35,917,995         |
| Governmental activities    |                       |              |              |                    |
| capital assets, net        | \$ 42,356,922         | \$ 3,159,962 | \$ 1,266,551 | \$ 44,250,333      |

Depreciation expense is included in the functional expenses in the Statement of Activities as follows:

| Function                   | Depreciation |           | Assets        |
|----------------------------|--------------|-----------|---------------|
| General Government         | \$           | 198,796   | \$ 10,376,690 |
| Police                     |              | 233,693   | 3,891,789     |
| Fire                       |              | 176,873   | 4,498,371     |
| Public Works               |              | 378,039   | 14,561,687    |
| Storm Drainage             |              | 825,610   | 26,740,467    |
| Recreation                 |              | 291,601   | 15,415,805    |
| Total depreciation expense | \$           | 2,104,612 | \$ 75,484,809 |

# 5. LONG-TERM DEBT

The City's Debt consists of the following:

### General Obligation Refunding Warrants, Series 2014-A (January 1)

On January 1, 2014 the City issued \$1,960,000 of General Obligation Refunding Warrants, Series 2014-A. These tax-exempt warrants mature from 2014 to 2025 and bear interest at rates from 2.00 to 3.25% and were issued to refund \$1,627,565 of the General Obligation Warrants, Series 2005 and to provide \$278,000 in Capital Improvements.

# General Obligation Refunding Warrants, Series 2014-C (May 1)

On May 1, 2014 the City issued \$9,660,000 of General Obligation Refunding Warrants, Series 2014-C. These tax-exempt warrants mature from 2015 to 2025 and bear interest at rates from 1.50 to 2.50% and were issued to refund \$9,585,433 of the General Obligation Warrants, Series 2004 and to provide \$ 673,074 in Capital Improvements.

# General Obligation Refunding Warrants, Series 2015-A (June 1)

On June 1, 2015 the City issued \$8,515,000 of General Obligation Refunding Warrants, Series 2015-A. These tax-exempt warrants mature from 2015 to 2030 and bear interest at rates from 1.40 to 2.08% and were issued to refund \$8,273,489 of the General Obligation Warrants, Series 2006-A Warrants dated March 1, 2006 and November 1, 2006, and pay issuance expenses of \$241,511.

# General Obligation Refunding Warrants, Series 2015-B (June 1)

On June 1, 2015 the City issued \$500,000 of General Obligation Refunding Warrants, Series 2015-B. These tax-exempt warrants mature from 2015 to 2025 and bear interest at rates from 2.75 to 3.25% and were issued to refund \$421,689 of the General Obligation Warrants, Series 2006-A Warrants dated March 1, 2016 and November 1, 2006, and pay issuance expenses of \$78,311.

# General Obligation Refunding Warrants, Series 2015-C (June 1)

On June 1, 2015 the City issued \$1,250,000 of General Obligation Refunding Warrants, Series 2015-C. These tax-exempt warrants mature from 2015 to 2031 and bear interest at rates of 3.75% and were issued to provide \$1,200,000 in Capital Improvements and pay issuance expenses of \$50,000.

The following summarizes the changes in the City's debt for the year ended September 30, 2017:

| Beginning<br>Balance | Increases   | Reductions  | Ending<br>Balance   | Current<br>Maturities  |
|----------------------|---|---|---|--|
| ¢ 1.05.000           | <u>ተ</u>  | <u> ተ 10፫ 000</u>   | ¢ 1 F10 000   | ¢ 100.000  |
| \$ 1,695,000         | <b>\$</b> -   | \$ 185,000  | \$ 1,510,000  | \$ 180,000   |

# 8. COMMITMENTS AND CONTINGENCIES

The Public Park Authority of the Shoals, an Alabama Public Corporation formed by four local municipal governments (including the City of Muscle Shoals) and the counties of Colbert and Lauderdale, issued \$17,925,000 in Special Obligation Bonds, Series 2003, dated June 1, 2003. The bonds are secured by a pledge of the two cents per gallon gasoline taxes levied in Colbert and Lauderdale counties.

### 9. INTER-FUND RECEIVABLES, PAYABLES AND TRANSFERS

During the year the City transferred money between funds, mostly from the general to other funds. These transfers were for several purposes such as providing funds for debt service and to provide match money to comply with the terms of grant agreements. There were no outstanding Inter-fund receivable and payable balances at September 30, 2017. The amounts of inter-fund transfers for the fiscal year ended September 30, 2017 are as follows:

|                         | Transfers    |              |  |  |
|-------------------------|--------------|--------------|--|--|
| Fund                    | То           | From         |  |  |
| General                 | \$ 281,946   | \$ 3,232,430 |  |  |
| Municipal Court         | -            | 281,946      |  |  |
| Debt Service            | 1,697,649    | -            |  |  |
| One Half-Cent Sales Tax | 1,534,781    |              |  |  |
|                         | \$ 3,514,376 | \$ 3,514,376 |  |  |

The transfers were primarily used for the payment of debt service and capital outlay.

#### 10. EQUITY INTEREST IN JOINT VENTURE (NORTH ALABAMA GAS DISTRICT)

The City of Muscle Shoals owns approximately 49.5 percent of the North Alabama Gas District (the Gas District) and the City of Madison, Alabama owns the remainder. The government-wide financial statements reflect the City of Muscle Shoals' equity in the Gas District, in the amount of \$19,487,977. The fund-level financial statements only report the earnings distributions received from the District during the year (\$352,364).

# **11. RELATED PARTY TRANSACTIONS**

The City had the following material transactions with related parties during the year ended September 30, 2017:

*Muscle Shoals Utility Board* – This component unit provides water and sewer service to the City at market rates. At September 30, 2017, the Board owed the City \$ 0.

*Muscle Shoals Electric Board* – The Board, a component unit of the City, (a) provides electricity to the City at normal market rates, (b) collected on behalf of and remitted to the City \$ 1,024,613 of garbage revenues collected and (c) paid the City \$ 875,432 of tax equivalents. At September 30, 2017, the Electric Board owed the City a total of \$157,639. The City owed the Electric Board nothing at year-end.

#### 11. RELATED PARTY TRANSACTIONS (continued)

*Muscle Shoals Board of Education* - The City appropriated \$1,303,397 to the Board of Education (a component unit) during the year. At September 30, 2017, the Board owed the City \$ 36,803 for miscellaneous items.

*Shoals Solid Waste Disposal Authority* – The Authority, jointly governed by Muscle Shoals and three other governments, was paid \$178,019 for landfill services provided to the City. The City and the other three joint governors are charged special rates for landfill services, which are lower than that charged the public.

*North Alabama Gas District (the Gas District)*– The City, having approximately a 49.5 percent equity interest in the Gas District, received \$352,364 of earnings distributions from the Gas District during 2017. The distribution ratio is based on the percentage of gas sales in the respective areas of the two owners of the Gas District that is, the City of Muscle Shoals and the City of Madison, Alabama.

The City jointly governs, with several other governmental organizations, the Colbert County Animal Control and Northwest Alabama Airport Authority. There have been no material transactions with these organizations, other than the City's annual appropriations to them.

# 12. DEFINED BENEFIT PLAN

#### Plan description

The Employees' Retirement System of Alabama (ERS), an agency multiple-employer plan, was established October 1, 1945 under the provisions of Act 515 of the Legislature of 1945 for the purpose of providing retirement allowances and other specified benefits for state employees, State Police, and on an elective basis, to all cities, counties, towns and quasi-public organizations. The responsibility for the general administration and operation of ERS is vested in its Board of Control. The ERS Board of Control consists of 13 trustees. The Plan is administered by the Retirement Systems of Alabama (RSA). Title 36-Chapter 27 of the Code of Alabama grants the authority to establish and amend the benefit terms to the ERS Board of Control. The Plan issues a publicly available financial report that can be obtained at www.rsa-al.gov.

The ERS Board of Control consists of 13 trustees as follows:

- 1) The Governor, ex officio.
- 2) The State Treasurer, ex officio.
- 3) The State Personnel Director, ex officio.
- 4) The State Director of Finance, ex officio.
- 5) Three vested members of ERS appointed by the Governor for a term of four years, no two of whom are from the same department of state government nor from any department of which an ex officio trustee is the head.

- 6) Six members of ERS who are elected by members from the same category of ERS for a term of four years as follows:
  - a. Two retired members with one from the ranks of retired state employees and one from the ranks of retired employees of a city, county, or a public agency each of whom is an active beneficiary of ERS.
  - b. Two vested active state employees.
  - c. Two vested active employees of an employer participating in ERS pursuant to § 36-27-6.

#### Benefits provided

State law establishes retirement benefits as well as death and disability benefits and any ad hoc increase in postretirement benefits for the ERS. Benefits for ERS members vest after 10 years of creditable service. State employees who retire after age 60 (52 for State Police) with 10 years or more of creditable service or with 25 years of service (regardless of age) are entitled to an annual retirement benefit, payable monthly for life. Local employees who retire after age 60 with 10 years or more of creditable service or with 25 or 30 years of service (regardless of age), depending on the particular entity's election, are entitled to an annual retirement benefit, payable monthly for life. Service and disability retirement benefits are based on a guaranteed minimum or a formula method, with the member receiving payment under the method that yields the highest monthly benefit. Under the formula method, members of the ERS (except State Police) are allowed 2.0125% of their average final compensation (highest 3 of the last 10 years) for each year of service. State Police are allowed 2.875% for each year of State Police service in computing the formula method.

Act 377 of the Legislature of 2012 established a new tier of benefits (Tier 2) for members hired on or after January 1, 2013. Tier 2 ERS members are eligible for retirement after age 62 (56 for State Police) with 10 years or more of creditable service and are entitled to an annual retirement benefit, payable monthly for life. Service and disability retirement benefits are based on a guaranteed minimum or a formula method, with the member receiving payment under the method that yields the highest monthly benefit. Under the formula method, Tier 2 members of the ERS (except State Police) are allowed 1.65% of their average final compensation (highest 5 of the last 10 years) for each year of service. State Police are allowed 2.375% for each year of state police service in computing the formula method.

Members are eligible for disability retirement if they have 10 years of credible service, are currently in-service, and determined by the RSA Medical Board to be permanently incapacitated from further performance of duty. Preretirement death benefits are calculated and paid to the beneficiary on the member's age, service credit, employment status and eligibility for retirement.

The ERS serves approximately 846 local participating employers. These participating employers include 287 cities, 65 counties, and 494 other public entities. The ERS membership includes approximately 83,763 participants. As of September 30, 2015, membership consisted of:

| Number of Active and Retired Members as of September 30, 2015 |                    |  |
|---|--------------------|--|
|   | Local<br>Employees |  |
| Retirees and beneficiaries receiving benefits                 | 22,248             |  |
| DROP participants   | 121                |  |
| Terminated employees entiltled to, but not receiving benefits | 6,767              |  |
| Non-vested inactive members who have not contributed more     |                    |  |
| than 5 years  | -                  |  |
| Active members  | 54,627             |  |
| Total   | 83,763             |  |

# Contributions

Covered members of the ERS contributed 5% of earnable compensation to the ERS as required by statute until September 30, 2011. From October 1, 2011, to September 30, 2012, covered members of the ERS were required by statute to contribute 7.25% of earnable compensation. Effective October 1, 2012, covered members of the ERS are required by statute to contribute 7.50% of earnable compensation. Certified law enforcement, correctional officers, and firefighters of the ERS contributed 6% of earnable compensation as required by statute until September 30, 2011. From October 1, 2011, to September 30, 2012, certified law enforcement, correctional officers, and firefighters, and firefighters of the ERS were required by statute to contribute 8.25% of earnable compensation.

Effective October 1, 2012, certified law enforcement, correctional officers, and firefighters of the ERS are required by statute to contribute 8.50% of earnable compensation. State Police of the ERS contribute 10% of earnable compensation. ERS local participating employers are not required by statute to increase contribution rates for their members.

Tier 2 covered members of the ERS contribute 6% of earnable compensation to the ERS as required by statute. Tier 2 certified law enforcement, correctional officers, and firefighters of the ERS are required by statute to contribute 7% of earnable compensation. Tier 2 State Police members of the ERS contribute 10% of earnable compensation. These contributions rates are the same for Tier 2 covered members of ERS local participating employers.

The ERS establishes rates based upon an actuarially determined rate recommended by an independent actuary. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with additional amounts to finance any unfunded accrued liability, the pre-retirement death benefit and administrative expenses of the Plan. For the year ended September 30, 2017, the City's active employee contribution rate was 5.43 % of covered employee payroll, and the City's average contribution rate to fund the normal and accrued liability costs was 11.44 % of covered employee payroll.

The City's contractually required contribution rate for the year ended September 30, 2017 was 5.0% of pensionable pay for Tier 1 employees, and 6.0 % of pensionable pay for Tier 2 employees. These required contribution rates are based upon the actuarial valuation dated September 30, 2013, a percent of annual pensionable payroll, and actuarially determined as an amount that, when combined with member contributions, is expected to finance the costs of benefits earned by members during the year, with an additional amount to finance any unfunded accrued liability. Total employer contributions to the pension plan from the System were \$794,653 for the year ended September 30, 2017.

# Net Pension Liability

The City's net pension liability was measured as of September 30, 2016, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as September 30, 2013 rolled forward to September 30, 2016 using standard roll-forward techniques as shown in the following table:

|  |               | Actual 2015<br>Valuation | Actual 2016<br>Valuation |
|--|---------------|--------------------------|--------------------------|
|  | Expected      | Assumptions              | Assumptions              |
| (a) Total Pension Liability as of  | 1             | 1                        | 1                        |
| September 30, 2015   | \$ 29,743,823 | \$29,202,042             | \$ 30,563,657            |
| (b) Discount rate  | 8.00%         | 8.00%                    | 7.75%                    |
| (c) Entry age normal cost for the period   |               |                          |                          |
| October 1, 2015 through September  | 570,188       | 570,188                  | 573,757                  |
| (d) Transfers Among Employers:   |               | 121,278                  | 121,278                  |
| (e ) Actual benefit payments and refunds<br>for the period October 1, 2015 through                                     |               |                          |                          |
| September 30, 2016   | (1,511,146)   | (1,511,146)              | (1,511,146)              |
| <ul><li>(f) Total Pension Liability as of</li><li>September 30, 2016 = [(a) x (1+(b))] +</li></ul>                     |               |                          |                          |
| (c) + (d) + [(e) x (1 + 0.5 * (b))]  | \$ 31,121,925 | \$30,658,080             | \$ 32,057,673            |
| (g) Difference between Expected and Actual<br>(h) Less Liability Transferred for Immediate                             |               | \$ (463,845)             |                          |
| Recognition  |               | 121,278                  |                          |
| (i) Experience (Gain)/Loss = (g) - (h)   |               | \$ (585,123)             |                          |
| (j) Difference between Action (2015<br>Assumptions) and Actual (2016<br>Assumptions): Assumption Change<br>(Gain)/Loss |               |                          |                          |
| Assumption Change (Gain)/Loss  |               |                          | \$ 1,399,593             |

#### Actuarial assumptions

The total pension liability in the September 30, 2016 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

| Inflation                  | 3.00%         |
|----------------------------|---------------|
| Salary increases           | 3.75% - 7.25% |
| Investment rate of return* | 8.00%         |

\*Net of pension plan investment expense

Mortality rates for ERS were based on the RP-2000 Combined Mortality Table Projected with Scale AA to 2016 set forward three years for males and two years for females. The rates of mortality for the period after disability retirement are according to the sex distinct RP-2000 Disability Mortality Table.

The actuarial assumptions used in the September 30, 2014 valuation were based on the results of an actuarial experience study for the period October 1, 2005 – September 30, 2010. The discount rate used to measure the TPL at September 30, 2016 was the long-term rate of return, 8.00 percent. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the rates currently in effect and that employer contributions will be made in accordance with the funding policy adopted by the Board of Control. Projected future benefit payments for all current plan members were projected for all years.

Based on those assumptions, each employer's FNP was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the TPL and a municipal bond rate was not used in determining the discount rate.

The long-term expected rate of return on pension plan investments was determined using a lognormal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The target asset allocation and best estimates of geometric real rates of return for each major asset class are as follows:

|                                       | Target<br>Allocation<br>(%) | Long-Term<br>Expected Rate of<br>Return (%) |
|---------------------------------------|-----------------------------|---|
| Fixed Income                          | 25.00%                      | 5.00%                                       |
| US Large Stocks                       | 34.00%                      | 9.00%                                       |
| US Mid Stocks                         | 8.00%                       | 12.00%                                      |
| US Small Stocks                       | 3.00%                       | 15.00%                                      |
| International Developed Market Stocks | 15.00%                      | 11.00%                                      |
| International Emerging Market Stocks  | 3.00%                       | 16.00%                                      |
| Real Estate                           | 10.00%                      | 7.50%                                       |
| Cash                                  | 2.00%                       | 1.50%                                       |
| Total                                 | 100%                        |   |

\* Includes assumed rate of inflation of 2.5%

#### Discount rate

The discount rate used to measure the total pension liability was the long-term rate of return, 8%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that the employer contributions will be made in accordance with the funding policy adopted by the ERS Board of Control. Based on those assumptions, components of the pension plan's fiduciary net position were projected to be available to make all projected future benefit payments of current pan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

#### Changes in Net Pension Liability

|                                     |                      | Plan          | Net Pension   |
|-------------------------------------|----------------------|---------------|---------------|
|                                     | <b>Total Pension</b> | Fiduciary Net | Liability     |
|                                     | Liability            | Position      | (Asset)       |
|                                     | (a)                  | (b)           | (a)-(b)       |
| Balances at September 30, 2015      | \$ 29,743,823        | \$19,441,040  | \$ 10,302,783 |
| Changes for the year:               |                      |               |               |
| Service cost                        | 570,188              | -             | 570,188       |
| Interest                            | 2,319,060            | -             | 2,319,060     |

| of employee contributions           | (1,511,146)          | (1,511,146)   | -             |
| Administrative expense              |                      | -             | -             |
| Transfers among employers           | 121,278              | 121,278       |               |
| Net changes                         | 2,313,850            | 1,810,234     | 503,616       |
| Balances at September 30, 2016      | \$ 32,057,673        | \$21,251,274  | \$ 10,806,399 |
|                                     |                      |               |               |

Sensitivity of the net pension liability to changes in the discount rate. The following table presents the City's net pension liability calculated using the discount rate of 7.75%, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (8.75%) or 1-percentage-point higher (8.75%) than the current rate:

|  | 1  | % Decrease | Current Disco | unt       | 1% Increase  |
|--|----|------------|---------------|-----------|--------------|
|  |    | (6.75%)    | Rate (7.75%   | <u>%)</u> | (8.75%)      |
| City of Muscle Shoals' net pension liability | \$ | 14,491,077 | \$ 10,806,3   | 99        | \$ 7,686,665 |

#### Pension plan fiduciary net position

Detailed information about the pension plan's fiduciary net position is available in the separately issued RSA Comprehensive Annual Report for the fiscal year ended September 30, 2016. The supporting actuarial information is included in the GASB Statement No. 68 Report for the ERS prepared as of September 30, 2016. The auditor's report dated May 17, 2017 on the Schedule of Changes in Fiduciary Net Position by Employer and accompanying notes is also available. The additional financial and actuarial information is available at www.rsa-al.gov.

# Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended September 30, 2017, the City recognized pension expense of \$ 1,084,078. At September 30, 2017, the City reported deferred outflows of resources and deferred inflows of resources related to pensions of the following sources:

|  | Deferred    |           |            |          |
|--|-------------|-----------|------------|----------|
|  | Outflows of |           | Inflows of |          |
|  |             | Resources | R          | esources |
| Differences between expected and actual experience | \$          | -         | \$         | 671,054  |
| Changes of assumptions                             |             | 1,180,907 |            | -        |
| Net difference between projected and actual        |             |           |            |          |
| earnings on plan investments                       |             | 171,852   |            | -        |
| Employer contributions subsequent to the           |             |           |            |          |
| measurement date                                   |             | 794,653   |            | -        |
|  |             |           |            |          |
| Total  | \$          | 2,147,412 | \$         | 671,054  |

| PENSION EXPENSE  |              |
|--|--------------|
| Service Cost   | \$ 570,188   |
| Interest on the total pension liability                            | 2,319,060    |
| Current-period benefit changes                                     | -            |
| Expensed portion of current-period difference between expected and |              |
| actual experience in the total pension liability                   | (91,425)     |
| Expensed portion of current-period changes of assumptions          | 218,686      |
| Member contributions   | (379,502)    |
| Projected earnings on plan investments                             | (1,548,825)  |
| Expensed portion of current-period differences between actual and  |              |
| projected earnings on plan investments                             | (84,571)     |
| Transfers among employers  | -            |
| Recognition of beginning deferred outflows of resources as pension |              |
| expense  | 122,694      |
| Recognition of beginning deferred inflows of resources as pension  |              |
| expense  | (42,227)     |
| Pension Expense (Income)   | \$ 1,084,078 |

Amounts reported as deferred outflows of resources and deferred inflows of resources to pensions will be recognized in pension expense as follows:

| Year Ended   |            |
|--------------|------------|
| September 30 |            |
| 2018         | \$ 123,157 |
| 2019         | 123,156    |
| 2020         | 265,212    |
| 2021         | 463        |
| 2022         | 118,813    |
| Thereafter   | 50,904     |

### **13. POST-EMPLOYMENT BENEFITS**

### Trust and Plan Description

On September 30, 2009, the City of Muscle Shoals established an irrevocable trust with the Bank of New York Mellon to fund its post-employment benefits. The Trust is managed by a committee composed of Muscle Shoals' mayor, a council member and City Clerk. The Trust issues separately audited financial statements. A copy of the report may be obtained from the City Clerk of the City of Muscle Shoals.

The City of Muscle Shoals provides (defined-benefit plan) medical, dental, vision, and life insurance benefits to its retirees. Medical, dental and vision benefits are provided under the following two options until the retiree or dependent is eligible for Medicare coverage. Additionally, the life insurance the retiree had as an active employee may be carried into retirement with the City bearing the full costs.

# Summary of Main Plan Provisions

### Eligibility for Allowance

An employee is considered to be a retired employee of the Retirement Systems of Alabama under the following Tiers:

Tier I (for those hired before 1/1/2013):

- Retiree has 25 years of creditable service, regardless of age, or
- Retiree has 10 years of service and is 60 years old or is determined disabled by the Social Security Administration or the Retirement Systems of Alabama's Medical Board.

Tier II (for those hired on or after 1/1/2013):

• Retiree has 10 years of service and is 62 years old (56 years old for a full-time certified firefighter, police officer, or correction officer) or is determined disabled by the Social Security Administration or the Retirement Systems of Alabama's Medical Board.

# Trust and Plan Description (continued)

#### Amount of Allowance

Employees who retire from the City with a minimum of twenty-five (25) years of creditable service with the City of Muscle Shoals can continue single medical/vision coverage under the same conditions as active employees. Currently the premium for medical, vision, and prescription coverage is \$0 for single coverage and \$334 for family coverage. Dental coverage is \$5 for single coverage and \$14 per month for family coverage.

Employees who retire with at least 15 years of service to the City and are at least 60 years of age upon retirement will be eligible for medical, vision, prescription, and dental coverage provided the retiree pays the entire premium. The premium for medical, vision, and prescription coverage is \$224 per month for single coverage and \$558 per month for family coverage. Dental coverage is \$20 per month for single coverage and family coverage is \$61 per month.

Medical, vision, prescription, and dental coverage terminates when the retiree or covered dependent turns 65, or otherwise becomes eligible for Medicare.

The City provides whole life insurance coverage for all full-time employees and retirees. Employees with a date of hire after 10/1/1975 receive \$10,000 in coverage. For employees hired prior to 10/1/1975, the coverage amounts were based upon pay, age, years of service, etc. Department heads receive \$30,000 in coverage. The coverage continues in force after retirement if the retiree has at least 10 years of service with the City and vested for at least 10 years with the RSA. The City pays the monthly premium for all employees and retirees. Upon retirement, the employee can "cash out" the policy and receive the accumulated cash value or retain the policy with the City paying the premium until death.

# Dependent Coverage

Dependents of eligible retirees can participate in the plan, but the premium must be paid by the retiree. Dependent coverage ends once the retiree becomes eligible for Medicare, once the dependent becomes eligible for Medicare, or upon the death of the retiree, whichever occurs first.

### Actuarial Study

GASB 45 requires that the City obtain actuarial valuation every three years. In accordance with that requirement Muscle Shoals had actuarial valuations made as of September 30, 2006, 2009, 2012 and 2015 and 2016.

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. Actuarial calculations reflect a long-term perspective and consistent with that perspective, actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets.

Projections of benefits are based on the types of benefits provided under the plan at the time of each valuation and on the pattern of sharing of benefit costs between the employer and plan members to that point, and projections of benefits for financial reporting purposes do not explicitly incorporate the potential effects of legal or contractual funding limitations on the pattern of cost sharing between the employer and plan members in the future.

Following is specific information about the plan and its actuarial valuation:

The following table summarizes the membership of the Plan as of September 30, 2016, the Valuation Date:

| Membership as of September 30, 2016                                 |     |
|---|-----|
| Inactive Employees or Beneficiaries<br>Currently Receiving Benefits | 65  |
| Inactive Members Entitled To But Not Yet<br>Receiving Benefits      | -   |
| Active Employees  | 147 |
| Total Membership  | 212 |

# Net OPEB Obligation

| Total OPEB Liability   | \$ 10,685,675 |
|------------------------|---------------|
| Fiduciary Net Position | 1,252,454     |
|                        |               |
| Net OPEB Liability     | \$ 9,433,221  |
|                        |               |
| Ratio of FNP to TOL    | 11.72%        |

Actuarial Assumptions used to measure TOL

The TOL was determined by an actuarial valuation as of September 30, 2016, using the following key actuarial assumptions and other inputs:

| Inflation<br>Real wage growth<br>Wage inflation<br>Salary increases, including wage inflation                                | 2.875%<br>0.25%<br>3.125%<br>3.375% - 5.125%                   |
|--|--|
| Long-term Investment Rate of Return, net of OPEB plan investment expense, including price inflation                          | 3.30%  |
| Municipal Bond Index Rate<br>Prior Measurement Date<br>Measurement Date  | 2.93%<br>3.57%   |
| Year FNP is projected to be depleted<br>Prior Measurement Date<br>Measurement Date   | 2020<br>2020   |
| Single Equivalent Interest Rate, net of OPEB plan<br>investment expense, including price inflation<br>Prior Measurement Date | 2.93%  |
| Measurement Date   | 3.57%  |
| Health Care Cost Trends Pre-Medicare   | 7.75% for 2016 decreasing to an ultimate rate of 5.00% by 2022 |

Actuarial Assumptions used to measure TOL (continued)

The discount rate used to measure the TOL was based upon the Single Equivalent Interest Rate. Mortality rates for active employees were based on the sex distinct RP-2000 Employee Mortality Table projected with Scale BB to 2020 with an adjustment factor of 70% for males and 50% for females. Post-retirement mortality rates on the sex distinct RP-2000 Blue Collar Mortality Table projected with Scale BB to 2020. An adjustment of 125% at all ages for males and 120% for females beginning at age 78 was made for service retirements and beneficiaries. An adjustment of 130% for females at all ages was made for disability retirements.

The demographic actuarial assumptions for retirement, disability incidence, withdrawal, and salary increases used in the September 30, 2016 valuation were based on the results of an actuarial experience study for the period October 1, 2010 – September 30, 2015.

The remaining actuarial assumptions (e.g., initial per capita costs, health care cost trends, rate of plan participation, rates of plan election, etc.) used in the September 30, 2016 valuation were based on a review of recent plan experience done concurrently with the September 30, 2016 valuation.

Several factors should be considered in evaluating the long-term rate of return assumption, including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation) are developed by the investment consultant for each major asset class. These ranges should be combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The capital market assumptions developed by the investment consultant may cover a shorter investment horizon and may not be useful in setting the long-term rate of return for funding OPEB plans which are likely to cover a longer timeframe. The assumption is intended to be a long-term assumption and is not expected to change absent a significant change in the asset allocation, a change in the inflation assumption, or a fundamental change in the market that alters expected returns in future years.

# Target Asset Allocation

As of the most recent adoption of the current long-term rate of return by the Plan, the target asset allocation for each major asset class, as provided by the Plan, are summarized in the following table:

|                           | Target     |
|---------------------------|------------|
| Asset Class               | Allocation |
| Cash and Cash Equivalents | 100.00%    |
| Total                     | 100.00%    |

# Discount Rate (SEIR)

The discount rate used to measure the TOL as of the Measurement Date was 3.57%. The projection of cash flows used to determine the discount rate was performed in accordance with GASB 74. The projection's basis was an actuarial valuation performed as of September 30, 2016. In addition to the actuarial methods and assumptions of the September 30, 2016 actuarial valuation, the following actuarial methods and assumptions were used in the projection of cash flows:

- Benefit payments are assumed to be paid out of the Trust until the Trust is depleted.
- Active employees do not explicitly contribute to the Plan. ٠
- Cash flows occur mid-year.
- Additional contribution to the Trust were not assumed to be made. •

# Sensitivity Data

The following exhibit presents the NOL of the Plan, calculated using the health care cost trend rates, as well as what the Plan's NOL would be if it were calculated using a health care cost trend rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate.

| Health Care Cost Trend Rates |              |              |               |
|------------------------------|--------------|--------------|---------------|
|                              | 1%           |              | 1%            |
|                              | Decrease     | Current      | Increase      |
| Net OPEB Liability           | \$ 8,090,865 | \$ 9,433,221 | \$ 11,036,112 |

Sensitivity Data (continued)

The following exhibit presents the NOL of the Plan, calculated using the discount rate of 3.57%, as well as what the Plan's NOL would be if it were calculated using a Discount Rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

| Net OPEB Liability |               |              |              |  |
|--------------------|---------------|--------------|--------------|--|
|                    | 1%            | Current      | 1%           |  |
|                    | Decrease      | Discount     | Increase     |  |
|                    | (2.57%)       | Rate (3.57%) | (4.57%)      |  |
| Net OPEB Liability | \$ 10,614,151 | \$ 9,433,221 | \$ 8,379,095 |  |

# TOL Rollforward

The TOL is based upon an actuarial valuation performed as of the Valuation Date, September 30, 2016. An expected TOL is determined as of September 30, 2017 using standard roll forward techniques. The roll forward calculation begins with the TOL, as of September 30, 2016, subtracts the actual benefit payments and refunds for the year, applies interest at the discount rate for the year, and then adds the annual normal cost (also called the Service Cost). Actuarial gains and losses arising from the change in the SEIR from 2.93% on the Prior Measurement Date to 3.57% on the Measurement Date are accounted for as changes of assumptions or other inputs. The procedure used to determine the TOL, as of September 30, 2017, is shown in the following table:

TOL Roll-Forward

| (a) TOL as of September 30, 2016*   | \$ 11,056,590 |
|---|---------------|
| (b) Actual Benefit Payments and Refunds for the Year October 1, 2016 –        |               |
| September 30, 2017  | (443,468)     |
| (c) Interest on TOL   |               |
| = [(a) x (0.0293)] + [(b) x (0.01465)]  | 317,461       |
| (d) Service Cost for the Year October 1, 2016 – September 30, 2017 at the End |               |
| of the Year   | 495,489       |
| (e) Changes of Benefit Terms  | -             |
| (f) Differences Between Expected and Actual Experience at the End of the Year | -             |
| (g) Changes of Assumptions or Other Inputs                                    | (740,397)     |
| (h) TOL Rolled Forward to September 30, 2017                                  |               |
| = (a) + (b) + (c) + (d) + (e) + (f) + (g)                                     | \$ 10,685,675 |
|   |               |

\* The TOL used in the roll forward as of September 30, 2016 is calculated using the discount rate as of the Prior Measurement Date.

#### 14. RISK MANAGEMENT

The City is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City has chosen to purchase commercial insurance to handle all of these risks.

# **15. COMMERCIAL ENTITY TRANSACTIONS**

In January 2011, the City took several steps to bring a restaurant entity to a site within the City. The City issued taxable warrants, using the proceeds to purchase and renovate a building formerly occupied by another business.

The building has been leased to the entity with the rental rate set at an amount equivalent to that needed to pay the principal and interest on the warrants over a 20-year term. To further incentivize the entity to locate in Muscle Shoals, the lease payments will be reduced by an amount equal to 50% of the sales tax generated by the business.

In substance the City of Muscle Shoals has merely facilitated the installment purchase of the property by the entity. The lease agreement has all of the characteristics of an installment sale. The lease is non-cancellable and contains a bargain purchase option. After the required lease payments have been made, the entity can purchase the property for \$500.

Accordingly, on the government-wide statements, the City of Muscle Shoals showed a liability for the unpaid balance of the warrants and a corresponding receivable from the entity. The fund level statements show the loan principal and interest payments as current expenditures and the lease payments received from the entity as current income. The balance owed on the Warrants at September 30, 2017 was \$605,250.

#### **15. COMMERCIAL ENTITY TRANSACTIONS**

The Warrants dated January 19, 2011 in the amount of \$800,000 issued to a local bank bears interest at the rate of 3.8% per annum and matures on January 19, 2031. The service requirements on the Warrant are as follows:

| FYE       |            |            |
|-----------|------------|------------|
| September |            |            |
| 30        | Principal  | Interest   |
| 2018      | \$ 36,084  | \$ 21,751  |
| 2019      | 37,440     | 20,395     |
| 2020      | 38,847     | 18,988     |
| 2021      | 40,306     | 17,529     |
| 2022      | 41,821     | 16,015     |
| 2023-2027 | 233,888    | 55,289     |
| 2028-2031 | 176,864    | 11,101     |
| Total     | \$ 605,250 | \$ 161,068 |
|           |            |            |

#### 17. HEALTH CARE PROGRAM

The City provides healthcare for its employees and their dependents. The policy of the City is to self-insure the Health Care Program. At September 30, 2017 the City was self-insured with a third-party reinsurer providing coverage for claims per individual exceeding \$115,000 annually. The City does not have reinsurance coverage for group aggregate claims.

The actual expense for the healthcare coverage was as follows:

| Fiscal year Ended |             |
|-------------------|-------------|
| <u>September</u>  |             |
| 2011              | \$1,718,533 |
| 2012              | \$1,608,798 |
| 2013              | \$1,885,180 |
| 2014              | \$1,915,400 |
| 2015              | \$1,911,444 |
| 2016              | \$2,048,223 |
| 2017              | \$2,004,735 |
|                   |             |

# 16. TAX ABATEMENTS

The City of Muscle Shoals negotiates Amendment 772 sales tax abatements on an individual basis. The City had three abatement agreements with three entities during fiscal year 2017:

|  | Pctg of |               |   |
|--|---------|---------------|---|
|  | Taxes   | Amount        |   |
| Project Description, Abated                      | Abated  | <br>Abated    | _ |
| Restaurant chain constructed a new facility      | 50%     | \$<br>67,000  |   |
| Grocery store chain constructed a new facility   | 50%     | 237,358       | * |
| Restaurant chain located in an existing building | 50%     | <br>40,444    | _ |
| Total  |         | \$<br>344,802 | _ |

\* Tax Abatement was complete in August 2017. Not active at year end.

Amendment 772 allows the governing body of any city to use public funds to purchase, lease or otherwise acquire real property, buildings and equipment for industry of any kind. It also allows the city to sell, lease, grant or convey real property, buildings and equipment to any individual, firm, or corporation, public or private, for commercial, industrial, research or service operations.

Amendment 772 allows the City to lend its credit or grant public funds or anything of value to any individual, firm, or corporation, public or private, to promote economic and industrial development within the city. The City may also become indebted for any of purposes as noted in this amendment. In carrying out the purposes of this amendment, the City must conduct a public hearing and adopt a resolution citing the public purposes to be served by the project along with specific details of the project.

The Tax Incentive Reform Act of 1992 (Title 40, Chapter 9B of the Code of Alabama, 1975) provides municipal governments with the ability to provide certain tax incentives to new and existing industry. The incentives provide exemption from Ad Valorem taxes (noneducational) and construction related transaction taxes, except those levied for educational purposes. The exemption for Ad Valorem taxes is authorized for a 10-year period. The Act sets forth the eligibility requirements and the process for granting of the abatements. Following are the abatement agreements applicable to Title 40:

#### 16. TAX ABATEMENTS (continued)

| Project Description, Abated                | Millage<br>Abated | Amount<br>Abated |         |  |

| Tier 1 manufacturer of automotive lighting | 5.5               | \$               | 84,430  |  |
| Inbound Call Center                        | 5.5               |                  | 724     |  |
| Tooling and die manufacturing              | 5.5               |                  | 4,275   |  |
| Automotive injection molding components    |                   |                  |         |  |
| manufacturer                               | 5.5               |                  | 14,631  |  |
|  |                   | \$               | 104,060 |  |

# **17. EVALUATION OF SUBSEQUENT EVENTS**

Events that occur after the Statement of Net Position date but before the financial statements are available to be issued must be evaluated for recognition or disclosure. Subsequent events which provide evidence about conditions that existed after the Statement of Net Position date require disclosure in the accompanying notes. Management of the City evaluated its activity through March 28, 2018. The following event requires disclosure.

The City issued General Obligation Warrants Series 2018 on February 13, 2018 in the amount of \$ 3,655,000 for the purpose of (1) acquiring and constructing certain capital improvements in the City, and (2) paying issuance expenses. The warrants bear and average interest rate of 3.1% and are payable between 2019 and 2038.

# SCHEDULE OF CHANGES IN THE NET PENSION LIABILITY

\* Employer's covered payroll during the measurement period is the total covered payroll. For FY 2017 the measurement period is October 1, 2015 - September 30, 2016. GASB issued a statement "Pension Issues" in March 2016 to redefine covered payroll for FY 2017.

Note to schedule: Although 10 years are required to be shown, there is only 3 years compiled. Therefore, only three are shown here.

| SCHEDULE OF EMPLOYER CONTRIBUTIONS                                     |             |              |              |  |  |  |

| Covered employee payroll **  | \$6,707,019 | \$ 6,790,034 | \$ 6,439,111 |  |  |  |
| Contributions as a percentage of covered employee payroll              | 11.85%      | 12.87%       | 11.53%       |  |  |  |

\* Amount of employer contributions related to normal and accrued liability components of employer rate net of any refunds of error service payments. The Schedule of Employer Contributions is based on the 12-month period of the underlying financial statement.

\*\* Employer's covered payroll during fiscal year is the total covered payroll for the 12-month period of the underlying financial statement.

# **Notes to Schedule**

Actuarially determined contribution rates are calculated as of September 30, three years prior to the end of the fiscal year in which contributions are reported.

Contributions for fiscal year 2017 were based on the September 30, 2013 actuarial valuation.

Methods and assumptions used to determine contribution rates:

| Actuarial cost method         | Entry Age  |
|-------------------------------|--|
| Amortization method           | Level percent closed   |
| Remaining amortization period | 29 years   |
| Asset valuation method        | Five year smoothed market  |
| Inflation                     | 3.00%  |
| Salary increases              | 3.75 - 7.25%, including inflation                                  |
| Investment rate of return     | 8.00%, net of pension plan investment expense, including inflation |

| Membership  |     |  |  |  |
|---|-----|--|--|--|
| Retired Members or their beneficiaries currently  |     |  |  |  |
| receiving benefits                                | 74  |  |  |  |
| Vested inactive members                           | 4   |  |  |  |
| Non-vested inactive members                       | 7   |  |  |  |
| Active members                                    | 169 |  |  |  |
| Post-DROP retired members still in active service | -   |  |  |  |
| Total   | 254 |  |  |  |

# The following information is regarding the Other Pensions and Benefits Obligations (OPEB) of the City and was determined as part of the actuarial valuation at September 30, 2016.

#### GASB 74 Discussion:

GASB 74 replaced GASB 43, which was more closely tied to funding efforts in that it required OPEB plans to report items consistent with the results of the plan's actuarial valuations, as long as those valuations met certain parameters. Basically, GASB 74 separates accounting from funding by creating disclosure and reporting requirements that may or may not be consistent with the basis used for funding the plan.

GASB 74 requires the determination of the Total OPEB Liability (TOL) utilizing the Entry Age Normal (EAN) actuarial cost method. If the valuation date at which the TOL is determined is before the measurement date, as is the case here, the TOL must be rolled forward to the measurement date. The Net OPEB Liability (NOL) is then set equal to the rolled forward TOL minus the plan's Fiduciary Net Position (FNP) (basically, the market value of assets as of the measurement date). The plan provisions recognized in the calculation of the TOL are summarized in Note 13.

Following are the GASB 74 Disclosures:

#### Methods and assumptions used in calculations of Actuarially Determined Contributions

The Actuarially Determined Contribution rates, as a percentage of payroll, used to determine the Actuarially Determined Contribution amounts in the Schedule of Employer Contributions are calculated with each biennial actuarial valuation. The following actuarial methods and assumptions (from the September 30, 2015 actuarial valuation) were used to determine contribution rates reported in that schedule for the year ending September 30, 2017:

Methods and Assumptions

| Actuarial cost method   | Projected Unit Credit  |
|---|--|
| Amortization method   | Level Percentage of Pay  |
| Amortization period   | 30 years, Open   |
| Asset valuation method  | Market Value of Assets   |
| Inflation   | 3.00%  |
| Real wage growth  | 0.25%  |
| Wage inflation  | 3.25%  |
| Salary increases, including wage inflation  | 3.75% - 7.25%  |
| Discount Rate, net of OPEB plan<br>investment expense, including price<br>inflation | 6.00%  |
| Health Care Cost Trends Pre-Medicare  | 7.75% for 2016 decreasing to<br>an ultimate<br>rate of 5.00% by 2022 |

#### Actuarially Determined Contribution (ADC)

The following is the ADC based upon an actuarial valuation dated September 30, 2016. Based on the 3.30% assumed Long-term Investment Rate of Return, the valuation shows an Accrued Liability of \$10,632,219. Against this, the plan has \$1,242,566 in assets. When this amount is deducted from the Accrued Liability, there remains \$9,389,653 as the Unfunded Accrued Liability for the Plan. The Unfunded Accrued Liability Amortization Payment in the following ADC was calculated using a 30 year Closed amortization period with level dollar payments. Please see Note 13 for the complete set of plan provisions, assumptions, and methods utilized in developing the ADC applicable for the fiscal years ending September 30, 2018 and September 30, 2019.

#### GASB 45 Discussion:

The annual required contribution was determined in accordance with the accounting requirements under GASB Statement No. 43 and GASB Statement No. 45.

GASB 74 relates to accounting disclosures for plan sponsors and, as such, replaces GASB 43 beginning with fiscal years ending June 30, 2017. GASB 75 relates to accounting disclosures for contributing employers and, as such, replaces GASB 45 beginning with fiscal years ending June 30, 2018. GASB 74 and 75 will require applicable OPEB plan sponsors and contributing employers to disclose the net OPEB liability on the statement of financial position and book an accounting expense based upon the entry age normal actuarial cost method. Beyond the use of a specified actuarial cost method, GASB's new disclosure standards will also require the discount rate used to calculate liabilities to be based upon the yield of 20-year, tax-exempt municipal bonds and the expected rate of return on plan assets, to the extent plan assets are projected to be available for the payment of future benefits. Additionally, GASB 74 and 75 will bring about many other changes in the liability valuation and accounting disclosure processes currently in place which are expected to significantly impact data collection, timing, and effort.

Following are the GASB 45 Disclosures:

| Members             | ship |           |
|---------------------|------|-----------|
| Active Members      |      |           |
| Number              |      | 147       |
| Annual Compensation | \$   | 6,569,295 |
| Retired Members     |      | 65        |

#### Annual Required Contribution

#### NOTE 1 - BUDGETS AND BUDGETARY ACCOUNTING

An annual appropriated budget is adopted for the general fund on a basis consistent with accounting principles generally accepted in the United States except for encumbrances:

The budgetary data reflected in the required supplementary information the was established by the City using the following procedures:

- (a) The Mayor submits to the City Council a proposed budget for the forthcoming fiscal year
- (b) The City Council in regular session votes to approve the budger and it is legally enacted through the passage of a budget ordinance to that affect.

#### NOTE 2 - RECONCILIATION OF BUDGETED AND ACTUAL RESULTS

| Sources/inflows of resources  |               |
|---|---------------|
| Actual amounts (budgetary basis) "available for appropriation"  |               |
| from the budgetary comparison schedule  | \$ 29,934,435 |
| Differences – budget to GAAP:   |               |
| The fund balance at the beginning of the year is a budgetary  |               |
| resource but is not a current-year revenue for financial  |               |
| report purposes   | (8,902,057)   |
| Total revenues as reported on the statement of revenues,  |               |
| expenditures, and changes in fund balance – governmental funds  | \$ 21,032,378 |
| Uses/outflows of resources  |               |
| Actual amounts (budgetary basis) "total charges to appropriations"  |               |
| from the budgetary comparison schedule  | \$ 17,344,399 |
| Total expenditures as reported on the statement of revenues,  |               |
| expenditures, and changes in fund balance – governmental funds  | \$ 17,344,399 |

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS33* 

To the City Council City of Muscle Shoals, Alabama

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of City of Muscle Shoals, Alabama, as of and for the year ended September 30, 2017, and the related notes to the financial statements, which collectively comprise City of Muscle Shoals, Alabama's basic financial statements, and have issued our report thereon dated March 28, 2018.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered City of Muscle Shoals, Alabama's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of City of Muscle Shoals, Alabama's internal control. Accordingly, we do not express an opinion on the effectiveness of City of Muscle Shoals, Alabama's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether City of Muscle Shoals, Alabama's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
