City of Muscle Shoals, Alabama Management Discussion and Analysis September 30, 2019

Our discussion and analysis of the City of Muscle Shoals, Alabama's (the City's) financial performance provides an overview of the City's financial activities for the fiscal year ended September 30, 2019. Please read it in conjunction with the City's financial statements, which begin on page 11.

#### FINANCIAL HIGHLIGHTS

- The City's financial position increased by \$ 3.7 million, or 9.23 percent.
- During the year, the City had taxes and other revenues for governmental programs that were
   \$ 4.2 million more than the \$ 22.7 million in expenses.
- General fund revenues were more than budget amounts by \$ 4,079,951 and expenditures of funds were \$ 2,700,133 more than budgeted expenditures.

#### **HISING THIS ANNUAL REPORT**

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities (on pages 17-19) provide information about the activities of the City as a whole and present a longer-term view of the City's finances. Fund financial statements start on page 20. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the City's operations in more detail than the government-wide statements by providing information about the City's most significant funds.

### Reporting the City as a Whole

Our analysis of the City as a whole begins on page 2. The Statement of Financial Position and the Statement of Activities report information about the City as a whole and about its activities. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the City's net assets and changes in them. You can think of the City's net position as the difference between assets and liabilities and the change in net assets as one way to measure the City's financial health, or financial position. Over time, increases or decreases in the City's net assets are one indicator of whether its financial health is improving or deteriorating. Other factors should also be considered when assessing the overall health of the City. These include changes in the City's property tax base and the condition of the City's roads.

In the Statement of Net Assets and the Statement of Activities, we divide the City into two kinds of activities:

- Governmental activities Most of the City's basic services are reported here, including the police, fire, public works, and parks departments, and general administration. Sales and property taxes, franchise fees, and state and federal grants finance most of these activities.
- Component units The City includes three separate legal entities in its report: The City of Muscle Shoals Board of Education, the City of Muscle Shoals Utility Board, and the Electric Board of the City of Muscle Shoals. Although legally separate, these component units are important because the City is financially accountable for them.

### Reporting the City's Most Significant Funds

Our analysis of the City's major funds begins on page 5. The fund financial statements begin on page 20 and provide detailed information about the most significant funds - not the City as a whole. Some funds are required to be established by State law and by bond covenants. However, the City Council establishes many other funds to help it control and manage money for particular purposes (e.g. - the half-cent sales tax for capital projects) or to show that it is meeting legal responsibilities for using certain taxes, grants, and other money.

Most of the City's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. We describe the relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds in reconciliation on page 21.

The City's net position increased by \$ 3.71 million, from \$ 40.19 million to \$ 43.90 million. Table 1 below summarizes net assets at September 30, 2019 and September 30, 2018, respectively.

#### **Governmental Activities**

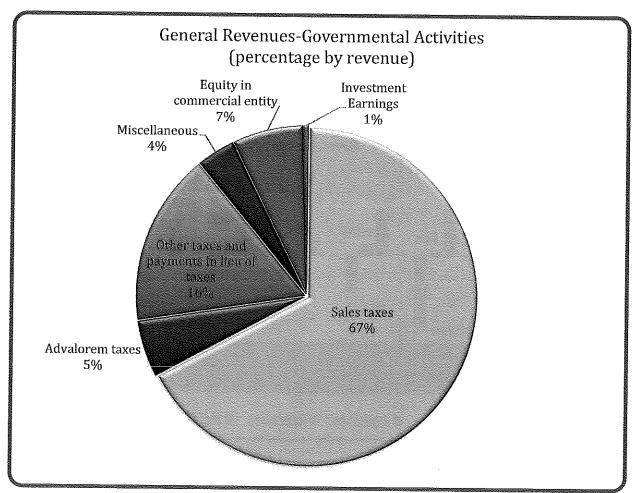

The cost of all government activities this year was \$22.93 million. However, as shown on the Statement of Activities on page 19, the cost ultimately financed by our taxpayers for these activities was \$18.92 million. Program revenues in the form of user fees, charges for services and grants by other governments subsidized certain programs. These revenues amounted to \$4.02 million, thus reducing the burden to taxpayers.

## **Governmental Activities (continued)**

Sales tax revenue represents the majority of general revenues received as depicted in the following chart:

6

## Governmental Activities (continued)

Sales tax revenue has increased by \$ 3,499 thousand (32%) since fiscal year 2013, while all other tax revenue has increased by \$ 543 thousand (13%) over the same time frame. Sales tax revenue increased by \$1,180 thousand (9%) from fiscal 2018 to 2019.

#### THE CITY'S FUNDS

The City's governmental funds (as presented in the balance sheet on page 20) reported a combined fund balance of \$14.63 million, which increased from last year's total of \$14.29 million. The general fund balance increased by \$1.34 million from \$9.99 million to \$11.34 million.

## **General Fund Budgetary Highlights**

The 2018-2019 budget was approved on November 13, 2018. It was amended on May 20, 2019 as is customary, to account for mid-year adjustments to the various department line items.

City officials continue to monitor the costs of employee health care. Health care costs of \$2.27 million represented 10.25% of general fund expenditures and were 15% more than the prior fiscal year.

### CAPITAL ASSET AND DEBT ADMINISTRATION

#### **Capital Assets**

The City has worked extensively to develop and adequately maintain capital assets. City streets are routinely inspected for potholes, shoulder deterioration and other maintenance concerns. Prompt response to citizen complaints and an aggressive inspection program have led to better control of maintenance costs. On a regularly scheduled basis, the City resurfaces streets utilizing local and state shared gasoline tax revenues. Resurfacing costs are not capitalized.

At the end of fiscal year 2019, the City had \$48.68 million invested in a broad range of capital assets, including buildings, park facilities, roads, storm water detention and pumping facilities and police and fire equipment. (See Table 4):

# CAPITAL ASSET AND DEBT ADMINISTRATION (continued)

Significant investment of state and federal grants and city funds have been or are planned to be invested in infrastructure in the following areas:

## A. There were several transportation related projects:

- 1. The widening of Webster Street from Avalon Avenue to 2<sup>nd</sup> Street was under construction at year end. The construction was funded with an 80% Alabama Department of Transportation (ALDOT) grant. Total costs are expected to be \$1.2 million with the city funding 20% of the costs.
- 2. A project to extend sidewalks along  $6^{th}$  Street to Woodward Avenue and Wilson Dam Road was completed during the fiscal year. The \$300,000 project was funded by an 80% ALDOT traffic enhancement grant.
- 3. Construction of the 6<sup>th</sup> Street intersection improvements at Wilson Dam Road were completed during the fiscal year. The \$430,000 project was funded by a grant from Alabama Industrial Access Board and the Shoals Industrial Development Committee.
- 4. The next phase of sidewalks will be undertaken during the 2019-2020 fiscal year. The project costs are estimated to \$516,000 with 80% funding from ALDOT. The project will impact four separate areas of the city.

## B. Other projects that have been completed or are underway include:

Work commenced on the construction of an adaptive recreation ballfield in Gattman Park in May of 2019. The project was completed in October of 2019. The State of Alabama provided a \$250,000 Community Development Block Grant. Project costs are expected to be approximately \$515,000.

The extension of sanitary sewer service along South Wilson Dam was nearing completion at year's end. The project will extend sewer service from  $6^{th}$  Street to the south to the railroad underpass. The project costs are \$1.4 million. The costs are to be shared with the Muscle Shoals Utilities Board. The city's share (\$800,000) is being funded from proceeds of the 2018 General Obligation warrants.

Fiscal year 2019-2020 will include several storm drainage projects resulting from the February 2019 flooding. The torrential storms over North Alabama resulted in a federal disaster declaration for ten counties. Disaster response cost totaled \$620,000. Federal funds to reimburse the City were \$465,000 with the State of Alabama pledging \$77,500. The Nathan Estates subdivision experienced significant damages from the storm event with many homes flooded. In response the City undertook the installation of pump and force main capabilities to the existing detention pond to minimize future flooding. The project was nearing completion at year end. The improvement costs exceeded \$300,000.

A second drainage improvement project is also planned for the Wilson Dam Retention pond area. A number of homes experienced flooding in this area as well. The work will involve expansion of the existing pump and force main. Cost are expected to exceed \$200,000. Efforts to expand the existing pond are currently ongoing as the City explores funding options.

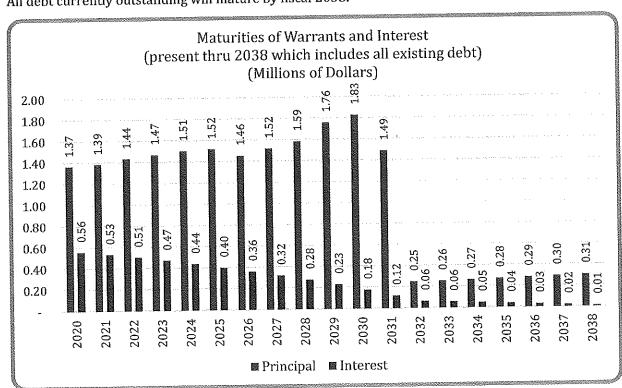

#### Debt

At year-end, the City had \$ 20.25 million in general obligation warrants outstanding versus \$21.58 million last year, a decrease of \$ 1.33 million. Detail is provided in the notes to financial statements.

The City of Muscle Shoals has a "AA3" rating from Moody's for general obligation debt. The Constitution of Alabama provides that cities having a population of six thousand or more may not become indebted in an amount in excess of twenty percent (20%) of the assessed value of the property situated therein. The total net assessed value of the property in the City as assessed for City taxation for the tax year which ended September 30, 2019 (including motor vehicles), is \$228.7 million. Therefore, the City's general obligation debt of \$20.25 million, is well below of its current debt limit of \$45.8 million (20% of \$228.7 million).

Tax Year	As	sessed Value
2013	\$	179,407,660
2014	\$	193,265,420
2015	\$	188,432,920
2016	\$	203,902,180
2017	\$	212,104,880
2018	\$	218,110,220
2019	\$	228,768,040

All debt currently outstanding will mature by fiscal 2038.

### **ECONOMIC FACTORS AND NEXT YEAR'S BUDGET**

- North American Lighting (NAL) expanded operations in Shoals Research Airpark. The \$7 million expansion begun May 23rd and was completed in early 2020. The expansion includes a new stand-alone warehouse and additional manufacturing equipment. It's expected that NAL will add an additional 100 jobs to their existing 1,339-employee labor force. NAL is an industry leader in automotive headlamp manufacturing and has had a presence in Muscle Shoals since 2010.
- Adventech, LLC opened their new manufacturing operations in the Florence-Lauderdale Industrial Park in July of 2019. Adventech is an electric motor manufacturer that specializes in the MexEff energy efficient electric motor generators. The project is investing approximately \$2.7 million into developing, constructing and equipping the facility and is expected to add 23 new full-time positions. This is will be Adventech's flagship manufacturing facility with plans to grow into a large-scale high capacity commercial production line.
- CRF Tech Inc. / Genus, LLC, expanded their operations to include new high-tech machinery in
  the Florence-Lauderdale Industrial Park. The expansion consists of the purchase of new
  machinery at \$5.8 million and the addition of 10 new full-time employees. This new custom-built
  equipment will enable CRF Tech to rapidly produce a time-controlled release fertilizer product
  that may revolutionize the farming industry. Construction and installation are expected to be
  completed by December of 2020.
- The Employment Growth Program (EGP) started in 2013, during a year when the Shoals unemployment rate was as high as 8.6 percent. Up to \$75,000 from the Shoals Economic Development Fund was set aside for the program, which offers a streamlined way to provide industries with incentives from the fund. The incentive offers \$2,500 for companies that pay \$11-\$14.99 per hour, but in 2017 the committee voted to enhance it to \$4,000 for companies that pay employees \$15 an hour or more, \$5,000 for \$20-\$24.99 an hour and \$6,000 for \$25-\$29.99 an hour. Looking back on the 2019 fiscal year that concluded on Sept. 30, The funds were dedicated to 16 local companies toward hirings that amounted to 103 jobs, at an average pay of \$16.50 per hour. A total of \$347,000 from the fund is dedicated toward those employment incentives. The incentives are provided after a company has employed someone for at least six months. Accompanying capital investment for these new jobs amounted to nearly \$1.7 million.

Numerous other manufacturers, such AccessPoint LLC, Ally Communications, Ballman Metals, BlueCross BlueShield of AL Mycare, Consolidated Tool, FilterPro, Flanders Shoals RSC, nSide, O&A, Performance Healthcare Products, Renovation Brands, Singin' River Brewing Co., Southwire 12 For Life, Thacker Casket Manufacturing, TheTechService, and United Wood Preserving have added new employment opportunities to their operations.

## ECONOMIC FACTORS AND NEXT YEAR'S BUDGET (continued)

Unemployment in Colbert County stood at 3.1% in October 2019, a decrease of 1.3% since 2018. The local rate of 3.1% is lower than the national rate of 3.3% and higher than the State of Alabama rate of 2.5%.

The Mayor and City Council approved a conservative 2019-2020 General Fund budget. Total anticipated revenues and other financing resources are projected at \$23.31 million, an increase from the 2018-2019 budgeted revenues and other financing resources of \$22.22 million. Budgeted expenditures and other uses of funds are expected to increase to \$23.30 million from \$22.22 million in the prior year. No new programs have been added to the 2019-2020 budget. Four new personnel positions were included in the budget.

#### CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have questions about this report or need additional financial information such as separately issued financial statements for component units, contact the City Clerk/Treasurer's office at the City of Muscle Shoals, P.O. Box 2624, Muscle Shoals, AL 35662. Telephone (256) 383-5675 or e-mail at mshoals@hiwaay.net.

#### INDEPENDENT AUDITOR'S REPORT

To the City Council City of Muscle Shoals, Alabama

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the City of Muscle Shoals, Alabama, as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the City's primary financial statements as listed in the table of contents.

## Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall financial statement presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Emphasis of Matter**

As discussed in Note A, the financial statements referred to above include only the primary government of the City of Muscle Shoals, Alabama, which consists of all funds, organizations, institutions, agencies, departments, and offices that comprise the City's legal entity. These primary government financial statements do not include financial data for the City's legally separate component units, which accounting principles generally accepted in the United States of America require to be reported with the financial data of the City's primary government. As a result, the primary government financial statements do not purport to, and do not present fairly the financial position of the reporting entity of the City of Muscle Shoals, Alabama as of September 30, 2019, the changes in its financial position or, where applicable, its cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

We have audited, in accordance with auditing standards generally accepted in the United States of America, the financial statements of the reporting entity of the City Muscle Shoals, Alabama, as of and for the year ended September 30, 2019, and our report thereon, dated September 21, 2020, expressed an unmodified opinion on those financial statements.

#### Other Matters

## Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 1 through 13 and the schedule of changes in net pension liability and related ratios and schedule of employer contributions of the pension plan on pages 62-66, the schedule of funding progress and schedule of employer contributions of the other postemployment benefit plan on pages 67-68, and the budgetary comparison information on pages 69-70 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Muscle Shoals, Alabama's basic financial statements. The supplemental schedules of revenues and expenses by budget line item on pages 71-89 and the combining and individual fund financial statements and schedules on pages 90-91, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual non-major fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by *Title 2 U.S. Code of Federal Regulation Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part if these financial statements.

The combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate to the underlying accounting and other records used to prepare the basic financial statements.

Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit, the procedures performed as described above, and the report of the other auditors, the combining and individual non-major fund financial statements and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

# Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 30, 2019, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

City of Muscle Shoals, Alabama Notes to Financial Statements September 30, 2019

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting and reporting framework and the more significant accounting principles and practices of the City of Muscle Shoals, AL are discussed in subsequent sections of this note. The remaining notes are organized to provide explanations and include required disclosures of the City's financial activities for the fiscal year ended September 30, 2019.

#### A. REPORTING ENTITY

The City of Muscle Shoals, Alabama, (the "City"), was incorporated in 1923, under the Constitution and laws of the State of Alabama. The City operates under the mayor-city council form of government. As required by generally accepted financial principles, these financial statements present financial position and results of operations of the City and its component units (see below).

The City's financial reporting entity consists of the following:

Primary government: The City of Muscle Shoals, Alabama

The City has the following component units (which are not presented in these financial statements):

Component unit	Activities and Relationship to City
Utilities Board of the City of Muscle Shoals	Owns, operates and maintains a water and sewer system serving residents of the City. The City Council appoints all members of the Utility Board.
Electric Board of the City of Muscle Shoals	Provides electricity to the residents of Muscle Shoals and acts as collection agent for the City's garbage pick-up operation. The City Council appoints all members of the Electric Board.
Muscle Shoals City Board of Education	Operates the City's Public school system. The City Council appoints the five members of the Board. The City issued bonds for the construction of school facilities and is obligated for the debt. The City makes annual appropriations to the Board of

Education.

## 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### A. REPORTING ENTITY (continued)

The decision to include a potential component unit in the City's reporting entity is based on the criteria stated in GASB Statement No. 14, "The Financial Reporting Entity," as amended by GASB 39, "Determining Whether Certain Organizations are Component Units" and GASB 61, "The Financial Reporting Entity: Omnibus an Amendment of GASB Statements No. 14 and No. 34," which includes the ability to appoint a voting majority of an organization's governing body and (1) the ability of the City to impose its will on that organization or (2) the potential for the organization to provide specific financial benefits to, or impose specific financial burden on the City, or the nature and significance of the relationship between the City and the organization is such that exclusion would cause the City's financial statements to be incomplete.

Component units of the City issue separately audited financial statements. Copies of these reports are available from the respective organizations; therefore, the component unit financial statement notes are not repeated here.

#### B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The basic financial statements include both government-wide financial statements (based on the City as a whole) and fund financial statements. Separate financial statements are provided for governmental funds, propriety funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The Government-wide Statement of Net Position reports all financial and capital resources of the City, excluding those reported in the fiduciary funds. It is displayed in the format of assets and deferred outflows less liabilities and deferred inflows, equals net position, with the assets and liabilities shown in order of their relative liquidity. Net position is required to be displayed in three components (each of which is defined below):

Net investment in capital assets – (The net investment in capital assets component of net
position consists of capital assets, net of accumulated depreciation, reduced by outstanding
balances of bonds, mortgages, notes, or other borrowings that are attributable to the
acquisition, construction, or improvement of those assets and adjusted for the balance of any
deferred outflows of resources or deferred inflows of resources related to capital assets or
debt).

City of Muscle Shoals, Alabama Notes to Financial Statements September 30, 2019

# 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

# B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (continued)

- Restricted (The restricted component of net position consists of restricted assets reduced
  by liabilities related to those assets. Restricted assets are those with constraints placed on
  their use that are either: (1) externally imposed by creditors (such as through debt
  covenants), grantors, contributors, or laws or regulations of other governments; or (2)
  imposed by law through constitutional provisions or enabling legislation).
- *Unrestricted* (The unrestricted component of net position is the net amount of the assets and liabilities that are not included in the determination of net investment in capital assets or the restricted component of net position).

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

# C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

The government-wide financial statements are reported using the economic resources measurement focus and the full accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The measurement focus of the governmental funds (in the Fund Financial Statements) is upon determination of financial position and changes in financial position rather than upon net income.

These governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considered property taxes as available if they are collected within 60 days after year-end. A six-month availability period is used for revenue recognition for all other governmental fund revenues. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred, regardless of the timing of the related cash flows. For example, property tax revenue is recognized in the year of levy, and all other revenue is recognized when services have been rendered.

# 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

# C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION (continued)

Major funds are those whose revenues, expenditures/expenses, assets, or liabilities (excluding extraordinary items) are at least 10% of corresponding totals for all governmental or enterprise funds and at least 5% of the aggregate amount for all governmental and enterprise funds. The identification and separate reporting of major funds serves to highlight financial activities which may be particularly important to financial statement users. Nonmajor funds are reported in aggregate in a separate column in the Balance Sheet and the Statement of Revenues, Expenditures, and Changes in Fund Balances.

The City reports the following major governmental funds:

- General Fund This is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.
- Half-cent Sales Tax A fund established by City ordinance to account for funds received and expended for capital projects as approved by the council.
- 2018 Warrant Sinking Fund This fund pays the debt of the city.

Grant revenues are recognized in the fiscal year in which all eligibility requirements are met. Under the terms of grant agreements, the City may fund certain programs with a combination of cost-reimbursement grants and general revenues. Thus, both restricted and unrestricted net position may be available to finance program expenses. It is the City's policy to first apply restricted resources to such programs, followed by unrestricted resources if necessary.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources, as they are needed.

# D. ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES AND NET POSITION/FUND BALANCE

#### 1) Deposits and investments

The City has defined cash and cash equivalents to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. State statutes and local ordinances authorize the government and the component units to invest in various types of investments as discussed in a subsequent note.

The City does not have a significant amount of investments valued at other than quoted market prices. Except in the pension trust funds, amortization of premium and accretion of discount on investments purchased are not recorded over the term of the investment. The effect of this policy on the financial statements of the various funds is not significant.

# 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

# D. ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES AND NET POSITION/FUND BALANCE (continued)

## 2) Receivables and payables

All trade receivables are shown net of an allowance for uncollectible accounts. Unbilled service receivables represent the estimated amount of accounts receivable for services that have not yet been billed. The amount represents a timing difference between the end of the financial statement cycle (month end) and the billing cycle (varying dates each billing period).

#### 3) Due to/Due from

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of inter-fund loans) or "advances to/from other funds" (i.e., the non-current portion of inter-fund loans.) All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

## 4) Inventories and prepaid items

Inventories are valued at cost (using average cost) in governmental type funds and the lower of cost (weighted average) or market in business-type funds. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. Prepaid items are recorded as expenditures when consumed rather than when purchased.

# 5) Deferred outflows and inflows of resources

In addition to assets, the statement of net position or balance sheet reports a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position or fund balance that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of net position or balance sheet reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position or fund balance that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

# 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

# D. ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES AND NET POSITION/FUND BALANCE (continued)

#### 6) Capital assets

Capital assets, which include land, roads and parking lots, buildings and structures, improvements other than buildings, machinery and equipment, infrastructure assets, and construction in progress, are reported in the applicable governmental or business-type activities columns in the governmentwide financial statements. The City capitalizes equipment and improvements having an estimated useful life in excess of one year and acquisition cost of at least \$ 5,000.

All capital assets are recorded at historical cost, or estimated historical cost, if actual cost is unavailable, except for donated assets which are recorded at their estimated fair value at the date of donation. The costs of normal maintenance and repair that do not add to the value of the asset or materially extend the useful lives are not capitalized. Capital assets are depreciated using the straight-line method. When capital assets are disposed, the cost and applicable accumulated depreciation are removed from the respective accounts, and the resulting gain or loss is recorded in operations.

Donated capital assets are recorded at estimated fair market value at the date of donation.

Capital assets are depreciated using the straight-line method over the following estimated lives:

	Years
Buildings, structures and improvements	20-50
Furniture, fixtures and equipment	3-20
Roads and streets	50
Storm sewers and drainage ditches	30

#### 7) Compensated absences

It is the City's policy to permit employees to accumulate earned but unused vacation and sick leave and related fringe benefits. The cost of earned but unused vacation pay is accrued when earned in the government-wide statements. A liability for earned but unused sick leave is accrued only to the extent that the leave will result in cash payments at termination. A liability for these amounts is reported in governmental funds only if they have matured, due to employee retirement. Compensated absences cannot be segregate between current and long-term. Therefore, the entire amount is shown as long-term.

# D. ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES AND NET POSITION/FUND BALANCE (continued)

8) Long-term debt and deferred debt expense

In the government-wide financial statements, outstanding long-term debt is reported as a liability. Bond discounts or premiums are capitalized and amortized over the terms of the respective bonds using the straight-line method.

The governmental fund financial statements recognize debt proceeds and premiums as other financing sources of the current period. Issuance costs are reported as debt service expenditures.

#### 9) Equity classifications

Government-wide statements - Equity is classified as net assets and displayed in three components:

- a. Invested in capital assets, net of related debt Consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by outstanding balances of bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position Consists of net assets with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position All other net assets that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."
- 10) Fund statements Governmental fund equity is classified as fund balance. Fund balance is further classified as reserved or unreserved, with unreserved further split between designated and undesignated.
  - a. Non-spendable Fund Balance Fund balances reported as non-spendable in the accompanying financial statements represent amounts for permanent fund principal restrictions, inventory, prepaid expenditures, advances to other funds and noncurrent notes receivables.
  - Restricted Fund Balance Fund balances reported as restricted are the result of externally imposed restrictions placed upon current resources by state statutes, creditors, bond covenants, donors or grantors.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

## 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

## D. ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES AND NET POSITION/FUND BALANCE (continued)

- c. Committed Fund Balance Fund balances reported as committed are self-imposed restrictions placed upon certain resources by the City Council through the adoption of an ordinance and cannot be used for any other purpose unless formal action is approved by the City Council.
- d. Assigned Fund Balance Fund balances reported as assigned are intended for certain purposes as approved by City Council, or management. City Council has a fund balance policy that allows assigned amounts to be re-assigned by City Council, or management.
- e. Unassigned Fund Balance In accordance with GAAP, the general fund is the only governmental fund that reports an unassigned fund balance. The unassigned fund balance has not been restricted, committed, or assigned to a specific purpose within the general fund.

When committed, assigned or unassigned fund balance amounts are available for use, it is the City's policy to use the committed fund balance first; the assigned fund balance second; and then the unassigned fund balance, as they are needed.

f. Stabilization Arrangement - The City has a fund balance policy established by the City Council that requires the general fund to maintain a minimum unrestricted fund balance of 25% of ensuing year's appropriated general fund expenditures. The fund has been established for the purposes of setting aside amounts for use in specific and non-routine situations, which include certain emergency and urgent situations, giving the Mayor power to resolve any issues at hand. Utilization of these funds must be reported to the City Council at the next Council meeting. In the event that the balance drops below the established minimum level, the City Council will develop a plan to replenish the Financial Stabilization Account balance to the established minimum. For the current fiscal year ending September 30, 2018, the City met the minimum general fund balance policy.

#### 11) Revenues

Sales Tax

The City levies tax on taxable sales within the City. Sales tax applicable to the month of September, but not received until after year-end are recorded as a receivable on both the government-wide and the fund financial statements.

# D. ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES AND NET POSITION/FUND BALANCE (continued)

#### Property taxes

Property taxes are levied and are due and payable on October 1 of each year and may be paid without penalty through December 31. All unpaid taxes on real and personal property become delinquent on January 2 of the year following the year in which the taxes were levied. Penalties, interest and late fees are assessed on all payments made after December 31. On the first Monday in April of each year a tax auction for real property is held at which a certificate is sold at auction for properties on which the taxes are delinquent.

## 12) Use of estimates and reclassifications

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

#### 13) Postemployment benefits

Postemployment healthcare benefits other than pension benefits are accounted for under GASB Statement No. 45, Accounting and Financial Reporting by Employers for Postemployment Benefits Other than Pensions, which establishes standards for the measurement, recognition, and display of postemployment healthcare benefits expense and related liabilities, assets, and note disclosures, as further described in Note 13 and, if applicable, required supplementary information.

#### 14) Pensions

The Employees' Retirement System of Alabama (the Plan) financial statements are prepared using the economic resources measurement focus and accrual basis of accounting. Contributions are recognized as revenues when earned, pursuant to the plan requirements. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan. Expenses are recognized when the corresponding liability is incurred, regardless of when the payment is made. Investments are reported at fair value. Financial statements are prepared in accordance with requirements of the Governmental Accounting Standards Board (GASB). Under these requirements, the Plan is considered a component unit of the State of Alabama and is included in the State's Comprehensive Annual Financial Report.

## 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### E. ACCOUNTING PRONOUNCEMENTS

The City adopted GASB Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans, required for fiscal periods beginning after June 15, 2016, in fiscal 2017. This Statement improves the usefulness of information about postemployment benefits other than pensions (other postemployment benefits or OPEB) included in the general purpose external financial reports of state and local governmental OPEB plans for making decisions and assessing accountability.

The City plans to adopt GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, required for fiscal periods beginning after June 15, 2017, in fiscal 2018. This Statement improves accounting and financial reporting by state and local governments for postemployment benefits other than pensions (other postemployment benefits or OPEB).

The City adopted GASB Statement No. 77, Tax Abatement Disclosures, required for fiscal periods beginning after December 15, 2015, in fiscal 2017. This Statement improves financial reporting by giving users of financial statements essential information regarding tax abatements that is not currently reported consistently or comprehensively.

The City adopted GASB Statement No. 78, Pensions Provided through Certain Multiple-Employer Defined Benefit Pension Plans, required for fiscal periods beginning after December 15, 2015, in fiscal 2017. This Statement amends the scope and applicability of Statement No. 68 regarding pensions provided to employees of state and local government employers through certain cost-sharing multiple-employees of state and local government employers through certain cost-sharing multiple-employer defined benefit pension plans.

The City adopted GASB Statement No. 79, Certain External Investment Pools and Pool Participants, required for fiscal periods beginning after June 15, 2015, except for certain provisions effective for fiscal periods beginning after December 15, 2015, in fiscal 2016 and 2017. This Statement addresses accounting and financial reporting for certain external investment pools and pool participants.

The City adopted GASB Statement No. 80, Blending Requirements for Certain Component Units - an amendment of GASB Statement No. 14, required for fiscal periods beginning after June 15, 2016, in fiscal 2017. This Statement improves financial reporting by clarifying the financial statement presentation requirements for certain component units.

## 2. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

#### E. ACCOUNTING PRONOUNCEMENTS (continued)

Certain differences exist between the governmental fund financial statements and the government-wide financial statements. These differences relate to differences between the modified accrual basis of accounting used in the fund financial statements and the accrual basis of accounting used in the government-wide financial statements and to the consolidation of the internal service funds into the governmental activities in the government-wide financial statements.

Reconciliations between the governmental fund balance sheet and the government-wide statement of net position and between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities are shown on pages 21 and 24, respectively.

#### 3. BUDGETS AND BUDGETARY ACCOUNTING

**Budget Development and Adoption** 

The City follows these procedures in establishing the general fund fund-level budgetary data reflected in the financial statements:

- a. The Mayor submits to the City Council for approval, a proposed operating budget for the fiscal year beginning October 1. The operating budget is only for the General Fund and includes proposed expenditures and the means of financing them.
- b. Any revisions to the budget must be approved by the City Council. The budget is normally modified one or more times during the course of the fiscal year.
- c. All unencumbered appropriations lapse at the end of the fiscal year. Encumbered appropriations remain in effect and are incorporated into the next fiscal year budget.

#### 4. CASH AND INVESTMENTS

Deposits are fully insured up to \$250,000 by the Federal Deposit Insurance Corporation. Deposits exceeding \$250,000 are made to banks participating in the Security for Alabama Funds Enhancement Program (SAFE Program). In the State of Alabama, all public funds are protected through a collateral pool administered by the Alabama State Treasurer. Banks holding deposits belonging to the state, counties, cities or agencies of any of these entities must pledge securities as collateral against those deposits. In the event of the failure of a bank, securities pledged by that bank would be liquidated by the State Treasurer to replace the public deposits. If the securities pledged failed to produce adequate funds for that purpose, then every bank participating in the pool would share the liability for the remaining balance.

## 5. CASH AND INVESTMENTS (continued)

Custodial and Concentration of Credit Risk

Each of the banks containing more than \$250,000 of the City of Muscle Shoals' deposits has been designated by the State Treasurer as a qualified public depository.

## 6. RECEIVABLES

## 9. COMMITMENTS AND CONTINGENCIES

The Public Park Authority of the Shoals, an Alabama Public Corporation formed by four local municipal governments (including the City of Muscle Shoals) and the counties of Colbert and Lauderdale, issued \$17,925,000 in Special Obligation Bonds, Series 2003, dated June 1, 2003. The bonds are secured by a pledge of the two cents per gallon gasoline taxes levied in Colbert and Lauderdale counties.

City of Muscle Shoals, Alabama Notes to Financial Statements September 30, 2019

## 10. EQUITY INTEREST IN JOINT VENTURE (NORTH ALABAMA GAS DISTRICT)

The City of Muscle Shoals owns approximately 50 percent of the North Alabama Gas District (the Gas District) and the City of Madison, Alabama owns the remainder. The government-wide financial statements reflect the City of Muscle Shoals' equity in the Gas District, in the amount of \$21,797,444. The fund-level financial statements only report the earnings distributions received from the Gas District during the year (\$365,000). The distribution ratio is based on the percentage of gas sales in the respective areas of the two owners of the Gas District that is, the City of Muscle Shoals and the City of Madison, Alabama. The government-wide financial statements reflect an increase in the investment in the Gas District of \$1,462,150.

## 11. RELATED PARTY TRANSACTIONS

The City had the following material transactions with related parties during the year ended September 30, 2019:

*Muscle Shoals Utility Board* – This component unit provides water and sewer service to the City at market rates. At September 30, 2018, the Board owed the City \$ 0.

Muscle Shoals Electric Board – The Board, a component unit of the City, (a) provides electricity to the City at normal market rates, (b) collected on behalf of and remitted to the City \$ 1,049,053 of garbage revenues collected and (c) paid the City \$ 862,074 of tax equivalents. At September 30, 2019, the Electric Board owed the City a total of \$159,899. The City owed the Electric Board nothing at year-end.

*Muscle Shoals Board of Education* - The City appropriated \$1,317,598 to the Board of Education (a component unit) during the year. At September 30, 2019, the Board owed the City \$46,765 for miscellaneous items.

Shoals Solid Waste Disposal Authority – The Authority, jointly governed by Muscle Shoals and three other governments, was paid \$188,521 for landfill services provided to the City. The City and the other three joint governors are charged special rates for landfill services, which are lower than that charged the public.

The City jointly governs, with several other governmental organizations, the Colbert County Animal Control and Northwest Alabama Airport Authority. There have been no material transactions with these organizations, other than the City's annual appropriations to them.

## 12. DEFINED BENEFIT PLAN

#### Plan description

The Employees' Retirement System of Alabama (ERS), an agency multiple-employer plan, was established October 1, 1945 under the provisions of Act 515 of the Legislature of 1945 for the purpose of providing retirement allowances and other specified benefits for state employees, State Police, and on an elective basis, to all cities, counties, towns and quasi-public organizations. The responsibility for the general administration and operation of ERS is vested in its Board of Control. The ERS Board of Control consists of 13 trustees. The Plan is administered by the Retirement Systems of Alabama (RSA). Title 36-Chapter 27 of the Code of Alabama grants the authority to establish and amend the benefit terms to the ERS Board of Control. The Plan issues a publicly available financial report that can be obtained at www.rsa-al.gov.

The ERS Board of Control consists of 13 trustees as follows:

- 1) The Governor, ex officio.
- 2) The State Treasurer, ex officio.
- 3) The State Personnel Director, ex officio
- 4) The State Director of Finance, ex officio.
- 5) Three vested members of ERS appointed by the Governor for a term of four years, no two of whom are from the same department of state government nor from any department of which an ex officio trustee is the head.
- 6) Six members of ERS who are elected by members from the same category of ERS for a term of four years as follows:
  - a. Two retired members with one from the ranks of retired state employees and one from the ranks of retired employees of a city, county, or a public agency each of whom is an active beneficiary of ERS.
  - Two vested active state employees.
  - c. Two vested active employees of an employer participating in ERS pursuant to § 36-27-6.

#### Benefits provided

State law establishes retirement benefits as well as death and disability benefits and any ad hoc increase in postretirement benefits for the ERS. Benefits for ERS members vest after 10 years of creditable service. State employees who retire after age 60 (52 for State Police) with 10 years or more of creditable service or with 25 years of service (regardless of age) are entitled to an annual retirement benefit, payable monthly for life. Local employees who retire after age 60 with 10 years or more of creditable service or with 25 or 30 years of service (regardless of age), depending on the particular entity's election, are entitled to an annual retirement benefit, payable monthly for life. Service and disability retirement benefits are based on a guaranteed minimum or a formula method, with the member receiving payment under the method that yields the highest monthly benefit.

City of Muscle Shoals, Alabama Notes to Financial Statements September 30, 2019

## 12. DEFINED BENEFIT PLAN (continued)

Under the formula method, members of the ERS (except State Police) are allowed 2.0125% of their average final compensation (highest 3 of the last 10 years) for each year of service. State Police are allowed 2.875% for each year of State Police service in computing the formula method.

Act 377 of the Legislature of 2012 established a new tier of benefits (Tier 2) for members hired on or after January 1, 2013. Tier 2 ERS members are eligible for retirement after age 62 (56 for State Police) with 10 years or more of creditable service and are entitled to an annual retirement benefit, payable monthly for life. Service and disability retirement benefits are based on a guaranteed minimum or a formula method, with the member receiving payment under the method that yields the highest monthly benefit. Under the formula method, Tier 2 members of the ERS (except State Police) are allowed 1.65% of their average final compensation (highest 5 of the last 10 years) for each year of service. State Police are allowed 2.375% for each year of state police service in computing the formula method.

Members are eligible for disability retirement if they have 10 years of credible service, are currently in-service, and determined by the RSA Medical Board to be permanently incapacitated from further performance of duty. Preretirement death benefits equal to the annual earnable compensation of the member as reported to the Plan for the preceding year ending September 30 are paid to the beneficiary.

The ERS serves approximately 909 local participating employers. The ERS membership includes approximately 90,999 participants. As of September 30, 2018, membership consisted of:

Retirees and beneficiaries receiving benefits	24,818
Terminated employees entiltled to, but not receiving benefits	1,426
Terminated employees not entitled to a benefit	7,854
Post-DROP participants who are still in active service	141
Active members	56,760
Total	90,999

#### Contributions

Covered members of the ERS contributed 5% of earnable compensation to the ERS as required by statute until September 30, 2011. From October 1, 2011, to September 30, 2012, covered members of the ERS were required by statute to contribute 7.25% of earnable compensation. Effective October 1, 2012, covered members of the ERS are required by statute to contribute 7.50% of earnable compensation. Certified law enforcement, correctional officers, and firefighters of the ERS contributed 6% of earnable compensation as required by statute until September 30, 2011. From October 1, 2011, to September 30, 2012, certified law enforcement, correctional officers, and firefighters of the ERS were required by statute to contribute 8.25% of earnable compensation.

#### 12. DEFINED BENEFIT PLAN (continued)

Effective October 1, 2012, certified law enforcement, correctional officers, and firefighters of the ERS are required by statute to contribute 8.50% of earnable compensation. State Police of the ERS contribute 10% of earnable compensation. ERS local participating employers are not required by statute to increase contribution rates for their members.

Tier 2 covered members of the ERS contribute 6% of earnable compensation to the ERS as required by statute. Tier 2 certified law enforcement, correctional officers, and firefighters of the ERS are required by statute to contribute 7% of earnable compensation. Tier 2 State Police members of the ERS contribute 10% of earnable compensation. These contributions rates are the same for Tier 2 covered members of ERS local participating employers.

The ERS establishes rates based upon an actuarially determined rate recommended by an independent actuary. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with additional amounts to finance any unfunded accrued liability, the pre-retirement death benefit and administrative expenses of the Plan. For the year ended September 30, 2019, the City's active employee contribution rate was 6.18% of covered employee payroll, and the City's average contribution rate to fund the normal and accrued liability costs was 11.86% of covered employee payroll.

The City's contractually required contribution rate for the year ended September 30, 2018 was 5.0% of pensionable pay for Tier 1 employees, and 6.0% of pensionable pay for Tier 2 employees. These required contribution rates are based upon the actuarial valuation dated September 30, 2016, a percent of annual pensionable payroll, and actuarially determined as an amount that, when combined with member contributions, is expected to finance the costs of benefits earned by members during the year, with an additional amount to finance any unfunded accrued liability. Total employer contributions to the pension plan from the System were \$858,112 for the year ended September 30, 2019.

City of Muscle Shoals, Alabama Notes to Financial Statements September 30, 2019

## 12. DEFINED BENEFIT PLAN (continued)

#### Net Pension Liability

The City's net pension liability was measured as of September 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as September 30, 2017 rolled forward to September 30, 2018 using standard roll-forward techniques as shown in the following table:

		TPL Roll-Forward				
		Expected	Actual	Actual		
(a)	Total Pension Liability as of September 30, 2017	\$ 33,289,668	\$ 32,791,188 7.75%	\$ 32,965,129 7.70%

## Actuarial assumptions

The total pension liability as of September 30, 2018 was determined based on the annual actuarial funding valuation report prepared as of September 30, 2017. The key actuarial assumptions are summarized below:

Inflation	2.75%
Salary increases	3.25% - 5.00%
Investment rate of return *	7.75%

<sup>\*</sup> Net of pension plan investment expense

## 12. DEFINED BENEFIT PLAN (continued)

Mortality rates were based on the sex distinct RP-2000 Blue Collar Mortality Table Projected with Scale BB to 2020 with an adjustment of 125% at all ages for males and 120% for females at ages on and after age 78. The rates of mortality for the period after disability retirement are according to the sex distinct RP-2000 Disabled Retiree Mortality Table Projected with Scale BB to 2020 with an adjustment of 130% at all ages for females.

The actuarial assumptions used in the September 30, 2017 valuation were based on the results of an investigation of the economic and demographic experience for the ERS based upon participant data as of September 30, 2015. The Board of Control accepted and approved these changes in September 2016, which became effective at the beginning of fiscal year 2016.

The long-term expected rate of return on pension plan investments was determined using a lognormal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The target asset allocation and best estimates of geometric real rates of return for each major asset class are as follows:

		Long-Term
	Target	Expected Rate of
Asset Class	Allocation	Return*
Fixed Income	17.00 %	4.4 %
US Large Stocks	32.00 %	8.0 %
US Mid Stocks	9.00 %	10.0 %

## 12. DEFINED BENEFIT PLAN (continued)

#### Discount rate

The discount rate used to measure the total pension liability was the long-term rate of return, 7.70%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that the employer contributions will be made in accordance with the funding policy adopted by the ERS Board of Control. Based on those assumptions, components of the pension plan's fiduciary net position were projected to be available to make all projected future benefit payments of current pan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

## 13. POST-EMPLOYMENT BENEFITS

## Plan Description

The City provides (defined-benefit plan) medical benefits to its retirees. Medical benefits are provided under the following two options until the retiree or dependent is eligible for Medicare coverage with SU bearing full cost.

## Summary of Main Plan Provisions

#### Eligibility for Allowance

An employee is considered to be a retired employee of the Retirement Systems of Alabama under the following Tiers:

Tier I (for those hired before 1/1/2013):

- Retiree has 25 years of credible service, regardless of age, or
- Retiree has 10 years of service and is 60 years old or is determined disabled by the Social Security Administration or the Retirement Systems of Alabama's Medical Board.

Tier II (for those hired on or after 1/1/2013):

 Retiree has 10 years of service and is 62 years old (56 years old for a full-time certified firefighter, police officer, or correction officer) or is determined disabled by the Social Security Administration or the Retirement Systems of Alabama's Medical Board.

## 13. POST-EMPLOYMENT BENEFITS (continued)

## Plan Description (continued)

#### Amount of Allowance

Employees who retire from the City with a minimum of twenty-five (25) years of creditable service with the City of Muscle Shoals can continue single medical/vision coverage under the same conditions as active employees. Currently the premium for medical, vision, and prescription coverage is \$0 for single coverage and \$334 for family coverage. Dental coverage is \$5 for single coverage and \$14 per month for family coverage.

Employees who retire with at least 15 years of service to the City and are at least 60 years of age upon retirement will be eligible for medical, vision, prescription, and dental coverage provided the retiree pays the entire premium. The premium for medical, vision, and prescription coverage is \$224 per month for single coverage and \$558 per month for family coverage. Dental coverage is \$20 per month for single coverage and family coverage is \$61 per month.

Medical, vision, prescription, and dental coverage terminates when the retiree or covered dependent turns 65, or otherwise becomes eligible for Medicare.

The City provides whole life insurance coverage for all full-time employees and retirees. Employees with a date of hire after 10/1/1975 receive \$10,000 in coverage. For employees hired prior to 10/1/1975, the coverage amounts were based upon pay, age, years of service, etc. Department heads receive \$30,000 in coverage. The coverage continues in force after retirement if the retiree has at least 10 years of service with the City and vested for at least 10 years with the RSA. The City pays the monthly premium for all employees and retirees. Upon retirement, the employee can "cash out" the policy and receive the accumulated cash value or retain the policy with the City paying the premium until death.

#### Dependent Coverage

Dependents of eligible retirees can participate in the plan, but the premium must be paid by the retiree. Dependent coverage ends once the retiree becomes eligible for Medicare, once the dependent becomes eligible for Medicare, or upon the death of the retiree, whichever occurs first.

Representative Monthly Retiree Premium Amounts

The following is the monthly cost of dental coverage by tier. The effective date of coverage is October 1, 2019:

Retiree Only \$ 20.06 Retiree & Spouse \$ 61.36

Summary of Key Actuarial Assumptions, Methods

The following information has been provided for the purpose of satisfying the disclosure requirements related to the actuarial assumptions and other inputs used in the measurement of the TOL. The complete set of actuarial assumptions and other inputs utilized in developing the TOL are outlined in Schedule C. The TOL was determined based on an actuarial valuation as of September 30, 2018, using the following key actuarial assumptions and other inputs:

Inflation Real wage growth Wage inflation Salary increases, including wage inflation	2.75% 0.25% 3.000% 3.25% - 5.00%
Long-term Investment Rate of Return, net of OPEB plan investment expense, including price inflation	3.00%

Prior Measurement Date Measurement Date	4.17% 2.66%
Health Care Cost Trends Pre-Medicare	7.25% for 2018 decreasing to an ultimate
Dental Vision	rate of 4.75% by 2028 4.00% 2.50%

City of Muscle Shoals, Alabama Notes to Financial Statements September 30, 2019

## 13. POST-EMPLOYMENT BENEFITS (continued)

Actuarial Assumptions used to measure TOL (continued)

The discount rate used to measure the TOL was based upon the Single Equivalent Interest Rate.

Mortality rates for active employees were based on the sex distinct RP-2000 Employee Mortality Table projected with Scale BB to 2020 with an adjustment factor of 70% for males and 50% for females. Post-retirement mortality rates on the sex distinct RP-2000 Blue Collar Mortality Table projected with Scale BB to 2020. An adjustment of 125% at all ages for males and 120% for females beginning at age 78 was made for service retirements and beneficiaries. An adjustment of 130% for females at all ages was made for disability retirements.

The demographic actuarial assumptions for retirement, disability incidence, withdrawal, and salary increases used in the September 30, 2018 valuation were based on the actuarial experience study for the period October 1, 2010 – September 30, 2015, and were submitted to and adopted by the Board of the Employees' Retirement System of Alabama on September 29, 2016.

The remaining actuarial assumptions (e.g., health care cost trends, rate of plan participation, rates of plan election, etc.) used in the September 30, 2018 valuation were based on a review of recent plan experience performed concurrently with the September 30, 2018 valuation.

Several factors should be considered in evaluating the long-term rate of return assumption, including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation) are developed by the investment consultant for each major asset class. These ranges should be combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The capital market assumptions developed by the investment consultant may cover a shorter investment horizon and may not be useful in setting the long-term rate of return for funding OPEB plans which are likely to cover a longer timeframe. The assumption is intended to be a long-term assumption and is not expected to change absent a significant change in the asset allocation, a change in the inflation assumption, or a fundamental change in the market that alters expected returns in future years.

As of the most recent adoption of the current long-term rate of return by the Plan, the target asset allocation for each major asset class, as provided by the Plan, are summarized in the following table:

	Target
Asset Class	Allocation
Cash and Cash Equivalents	100%

## 13. POST-EMPLOYMENT BENEFITS (continued)

Discount Rate (SEIR)

The discount rate used to measure the TOL as of the Measurement Date was 2.66%. The projection of cash flows used to determine the discount rate was performed in accordance with GASB 74. The projection's basis was an actuarial valuation performed as of September 30, 2018. In addition to the actuarial methods and assumptions of the September 30, 2018 actuarial valuation, the following actuarial methods and assumptions were used in the projection of cash flows:

- Total payroll for the initial projection year consists of the payroll of the active membership present on the valuation date. In subsequent projection years, total payroll was assumed to increase annually at a rate of 3.00%.
- Benefit payments are assumed to be paid out of the Trust until the Trust is depleted.
- Active employees do not explicitly contribute to the Plan.
- Cash flows occur mid-year.
- Additional contribution to the Trust were not assumed to be made.

Based on these assumptions, the Plan's FNP was projected to be depleted in 2022 and, as a result, the Municipal Bond Index Rate was used in the determination of the SEIR. Here, the long-term expected rate of return of 3.00% on Plan investments was applied to periods through 2022 and the Municipal Bond Index Rate at the Measurement Date (2.66%) was applied to periods on and after 2022, resulting in an SEIR at the Measurement Date (2.66%). There was a change in the discount rate from 3.57% at the Prior Measurement Date to 4.17% at the Measurement Date.

The FNP projections are based upon the Plan's financial status on the Valuation Date, the indicated set of methods and assumptions, and the requirements of GASB 74. As such, the FNP projections are not reflective of the cash flows and asset accumulations that would occur on an ongoing plan basis, reflecting the impact of future members. Therefore, the results of this test do not necessarily indicate whether or not the fund will actually run out of money, the financial condition of the Plan, or the Plan's ability to make benefit payments in future years.

Methods and assumptions used in calculations of Actuarially Determined Contributions

The Actuarially Determined Contribution (ADC) amount in the Schedule of Employer Contributions (Schedule A) is calculated with each biennial actuarial valuation. The actuarial methods and assumptions from the actuarial reports as of September 30, 2018 and prior years were used to determine the contribution amount reported in the schedule. Please refer the actuarial report as of September 30, 2018 for details related to the assumptions and methods used in the most recent ADC determination.

## Actuarially Determined Contribution (ADC)

The following is the ADC based upon an actuarial valuation dated September 30, 2018. Based on the 3.00% assumed Long-term Investment Rate of Return, the valuation shows an Accrued Liability of \$11,920,874. Against this, the plan had \$1,271,653 in assets. When this amount is deducted from the Accrued Liability, there remains \$10,649,221 as the Unfunded Accrued Liability for the Plan. The Unfunded Accrued Liability Amortization Payment in the following ADC was calculated using a 28-year amortization period with level dollar payments. The amortization period will decrease each year. Please see Schedule C, Schedule D, and Schedule F for the complete set of assumptions, methods and plan provisions utilized in developing the ADC applicable for the fiscal years ending September 30, 2020 and September 30, 2021.

Total Contribution	\$ 1,027,821

#### 14. RISK MANAGEMENT

The City is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City has chosen to purchase commercial insurance to handle all of these risks.

## 15. COMMERCIAL ENTITY TRANSACTIONS

In January 2011, the City took several steps to bring a restaurant entity to a site within the City. The City issued taxable warrants, using the proceeds to purchase and renovate a building formerly occupied by another business.

The building has been leased to the entity with the rental rate set at an amount equivalent to that needed to pay the principal and interest on the warrants over a 20-year term. To further incentivize the entity to locate in Muscle Shoals, the lease payments will be reduced by an amount equal to 50% of the sales tax generated by the business.

In substance the City of Muscle Shoals has merely facilitated the installment purchase of the property by the entity. The lease agreement has all of the characteristics of an installment sale. The lease is non-cancellable and contains a bargain purchase option. After the required lease payments have been made, the entity can purchase the property for \$500.

Accordingly, on the government-wide statements, the City of Muscle Shoals showed a liability for the unpaid balance of the warrants and a corresponding receivable from the entity. The fund level statements show the loan principal and interest payments as current expenditures and the lease payments received from the entity as current income. The balance owed on the Warrants at September 30, 2018 was \$572,314.

## 15. COMMERCIAL ENTITY TRANSACTIONS

The Warrants dated January 19, 2011 in the amount of \$800,000 issued to a local bank bears interest at the rate of 3.8% per annum and matures on January 19, 2031. The service requirements on the Warrant are as follows:

FYE			
September 30,	Principal	Interest	Total
2020	\$ 42,904	\$ 14,931	\$ 57,835
2021	41,307	16,528	57,835

Thereafter	336,965_	51,026	387,991
Total	<u>\$ 535,880</u>	\$ 141,288	\$677,168

#### 17. HEALTH CARE PROGRAM

The City provides healthcare for its employees and their dependents. The policy of the City is to self-insure the Health Care Program. At September 30, 2019 the City was self-insured with a third- party reinsurer providing coverage for claims per individual exceeding \$115,000 annually. The City does not have reinsurance coverage for group aggregate claims.

The actual expense for the healthcare coverage was as follows:

Fiscal year Ended <u>September</u>	
<u>3eptember</u> 2014	\$1,915,400
2015	\$1,911,444
	\$2,048,223
2016	\$2,104,480
2017	\$1,916,899
2018	
2019	\$2,332,868

#### 16. TAX ABATEMENTS

The City of Muscle Shoals negotiates Amendment 772 sales tax abatements on an individual basis. The City had three abatement agreements with three entities during fiscal year 2019:

	% of Taxes	Amount of
Project Description	Abated	Taxes Abated
Restaurant chain constructed a new facility	50%	\$6,414
Restaurant chain constructed a new facility	50%	46,759
Restaurant chain located in an existing building	50%	43,173
100000000000000000000000000000000000000	TOTAL	\$96,346

Amendment 772 allows the governing body of any city to use public funds to purchase, lease or otherwise acquire real property, buildings and equipment for industry of any kind. It also allows the city to sell, lease, grant or convey real property, buildings and equipment to any individual, firm, or corporation, public or private, for commercial, industrial, research or service operations.

Amendment 772 allows the City to lend its credit or grant public funds or anything of value to any individual, firm, or corporation, public or private, to promote economic and industrial development within the city. The City may also become indebted for any of purposes as noted in this amendment. In carrying out the purposes of this amendment, the City must conduct a public hearing and adopt a resolution citing the public purposes to be served by the project along with specific details of the project.

## 16. TAX ABATEMENTS (continued)

The Tax Incentive Reform Act of 1992 (Title 40, Chapter 9B of the Code of Alabama, 1975) provides municipal governments with the ability to provide certain tax incentives to new and existing industry. The incentives provide exemption from Ad Valorem taxes (noneducational) and construction related transaction taxes, except those levied for educational purposes. The exemption for Ad Valorem taxes is authorized for a 10-year period. The Act sets forth the eligibility requirements and the process for granting of the abatements. Following are the abatement agreements applicable to Title 40:

	Millage	Amount of
Project Description, Abated	Abated	Taxes Abated
Automotive accessories manufacturing expansion	5.5	\$113,641
Incoming Call Center	5.5	538
Manufacturing - Shoals Research Airpark	5.5	1,038
Manufacturing - Shoals Research Airpark	5.5	6,749
	TOTAL	\$121,966

## 17. EVALUATION OF SUBSEQUENT EVENTS

Events that occur after the Statement of Net Position date but before the financial statements are available to be issued must be evaluated for recognition or disclosure. Subsequent events which provide evidence about conditions that existed after the Statement of Net Position date require disclosure in the accompanying notes. Management of the City evaluated its activity through September 21, 2020. There were no events which require disclosure.

#### Notes to Schedule

Actuarially determined contribution rates are calculated as of September 30, three years prior to the end of the fiscal year in which contributions are reported.

Methods and assumptions used to determine contribution rates:

Actuarial cost method

Entry Age

Amortization method

Level percent closed

Remaining amortization period

28.3 years

Asset valuation method

Five year smoothed market

Inflation

2.875%

Salary increases

3.375 - 5.125%, including inflation

Investment rate of return

7.875%, net of pension plan investment expense, including inflation

<sup>\*\*</sup> Employer's covered payroll during fiscal year is the total covered payroll for the 12-month period of the underlying financial statement.

### SINGLE AUDIT SECTION

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the City Council City of Muscle Shoals, Alabama

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of City of Muscle Shoals, Alabama, as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise City of Muscle Shoals, Alabama's basic financial statements, and have issued our report thereon dated September 21, 2020.

### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered City of Muscle Shoals, Alabama's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of City of Muscle Shoals, Alabama's internal control. Accordingly, we do not express an opinion on the effectiveness of City of Muscle Shoals, Alabama's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether City of Muscle Shoals, Alabama's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the City Council City of Muscle Shoals, Alabama

### Report on Compliance for Each Major Federal Program

We have audited City of Muscle Shoals, Alabama's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of City of Muscle Shoals, Alabama's major federal programs for the year ended September 30, 2019. City of Muscle Shoals, Alabama's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

### Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

### Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of City of Muscle Shoals, Alabama's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City of Muscle Shoals, Alabama's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of City of Muscle Shoals, Alabama's compliance.

### Opinion on Each Major Federal Program

In our opinion, City of Muscle Shoals, Alabama's complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2019.

### Report on Internal Control Over Compliance

Management of City of Muscle Shoals, Alabama's is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered City of Muscle Shoals, Alabama's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of City of Muscle Shoals, Alabama's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

City of Muscle Shoals, Alabama Notes to Schedule of Expenditures of Federal Awards For the Year Ended September 30, 2019

#### 1. Basis of Presentation

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal grant activity of the City of Muscle Shoals, Alabama under programs of the federal government for the year ended September 30, 2019. The information in this schedule is presented in accordance with the requirements of the Uniform Guidance, *Audits of States, Local Governments, and Non-Profit Organizations.* Because the schedule presents only a selected portion of the operations of the City of Muscle Shoals, Alabama, it is not intended to and does not present the financial position, changes in net assets or cash flows of the City of Muscle Shoals, Alabama.

### 2. Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Pass-through entity identifying numbers are presented where available. The agency has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

COLBERT COUNTY

### **RESOLUTION NUMBER 3098 - 20**

This Resolution is made this 21<sup>st</sup> day of September 2020 (the Effective Date) by the City Council of Muscle Shoals, Alabama (the Granting Authority) to grant a tax abatement for DUS Operating Inc. (the Company).

WHEREAS, the Company has announced plans for a new project; that being, the construction of a manufacturing facility and the purchase and installation of a new manufacturing machinery and personal property by (the Project), located at 309 Counts Drive, Muscle Shoals, Colbert County, Alabama, within the jurisdiction of the Granting Authority; and

WHEREAS, pursuant to the Tax Incentive Reform Act of 1992 (Section 40-9B-1 et seq., Code of Alabama 1975) (the Act), the Company has requested from the Granting Authority an abatement of all state and local noneducational property taxes and all construction-related transaction taxes, except those local construction-related transaction taxes levied for educational purposes or for capital improvements for education and except the 0.5% general sales and use taxes levied by Colbert County, which pursuant to Alabama Act No. 2007-351 cannot be abated; and

**WHEREAS**, the Company has requested that the abatement of state and local noneducational property taxes be extended for a period of ten (10) years, in accordance with the Act; and

- WHEREAS, the Granting Authority has considered the request of the Company and the completed applications (copy attached) filed with the Granting Authority by the Company, in connection with its request; and
- WHEREAS, the Granting Authority has found the information contained in the Company's application to be sufficient to permit the Granting Authority to make a reasonable cost/benefit analysis of the proposed project and to determine the economic benefits to the community; and
- WHEREAS, the construction of the project will involve a capital investment of \$74,700,000; and
- WHEREAS, the Company is duly qualified to do business in the State of Alabama and has powers to enter into and to perform and observe the agreements and covenants on its part contained in the Tax Abatement Agreement; and
- WHEREAS, the Granting Authority represents and warrants to the Company that is has power under that constitution and laws of the State of Alabama (including particularly the provisions of the Act) to carry out the provisions of the Tax Abatement Agreement;

### NOW, THEREFORE, be it resolved by the Granting Authority as follows:

- Section 1. Approval is hereby given to the application of the Company and abatement is hereby granted for all state and local noneducational property taxes and all construction-related transaction taxes, except those local construction-related transaction taxes levied for educational purposes or for capital improvements for education and except the 0.5% general sales and use taxes levied by Colbert County, which pursuant to Alabama Act No. 2007-351 cannot be abated, as the same may apply to the fullest extent permitted by the ACT.
- Section 2. The period of abatement for the noneducational property taxes shall extend for a period of ten (10) years measured as provided in the Act unless the Company ceases operation for which these property tax abatements are granted. Should the Company cease operation the abatements granted herein are considered null and void.
- Section 3. The Granting Authority hereby does not assess a fee associated with the granting of these abatements.
- Section 4. The governing body of the Granting Authority is authorized to enter into a Tax Abatement Agreement with the Company to provide for the abatement granted in Section 1.
- Section 5. A certified copy of this resolution, with the application and abatement agreement, shall be forwarded to the Company to deliver to the appropriate local taxing authorities (if applicable) and to the Alabama Department of Revenue in accordance with the Act.

Section 6. The governing body of the Granting Authority is authorized to take any and all actions necessary or desirable to accomplish the purpose of the foregoing of this Resolution.

Council Member Hall seconded the motion and upon said motion being put to a vote all voted "AYE" and "NAYS" were none.

President Noles announced that the resolution had been approved.

There being no further business to come before the meeting, upon the motion duly made and seconded the meeting was adjourned.
