# MUSCLE SHOALS

*Congratulations to the graduates of the Fire Fighter I/II Course of the Alabama Fire College Class 23-03! Over a 9-week period, all trainees are required to complete a “combination of classroom study, drill field practice, and training evolutions that will prepare the firefighter to perform most fire ground functions under the supervision of an officer or experienced firefighter”. This intense course pushes physical and mental aspects to the limit, and if completed, instills what it takes to work in this line of duty. A round of applause goes to all of the men who completed the course in preparation to serve their communities. Pictures from the graduation ceremony that took place on Friday, May 5th, 2023 are shown below.*

Officer Eric Kelley, Chief of Police Clint Reck, the Muscle Shoals Police Department, and McBride Elementary School for teaming together to educate these students.
